Bestselling historian
Alison Weir tells the
poignant, suspenseful
and sometimes tragic

story of Elizabeth, eldest daughter of the Yorkist King Edward IV and sister of the Princes in the Tower, a woman whose life was inextricably caught up in the turmoil of the Wars of the Roses and the establishment of the usurping Tudor dynasty. She was the wife of Henry VII and mother of Henry VIII. Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York, Henry's mother and Elizabeth's grandmother, spanned one of England's most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of royalty. But after the death of her father; the disappearance and probable murder of her brothers—the Princes in the Tower; and the usurpation of the throne by her

calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard 's wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be England 's rightful queen. Weir addresses Elizabeth 's possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth 's subsequent marriage to Henry united the houses of

York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry 's firm grasp, but Weir shows that Elizabeth proved to be a model consort—pious and generous—who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long overdue and much-deserved look at this unforgettable princess whose line descends to today 's British monarch—a woman who overcame tragedy and

danger to become one of England's most beloved consorts. Praise for Elizabeth of York "Weir tells Elizabeth's story well. . . She is a meticulous scholar. . . . Most important, Weir sincerely admires her subject, doing honor to an almost forgotten queen." —The New York Times Book Review [Alison] Weir's skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is a must-read for Tudor fans!" —Historical Novels Review "This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the

new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity." —Booklist "Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman." —Huntington News

This book contains wonderfully illuminating portraits of each English monarch from William the Conqueror to Elizabeth II.
Death in Salem Yale University Press
"Rich in drama and

tragedy" (The Guardian), here is a mesmerizing account of the extraordinary formative years of the man married to the most famous woman in the world Before he met the young girl who became Queen Elizabeth II, Prince Philip had a tumultuous upbringing in Greece, France, Nazi Germany, and Britain. His mother, Princess Alice of Battenberg, was born deaf; she was committed to a psychiatric clinic when Philip was eight. His father, Prince Andrew of Greece, already traumatized by his exile from his home country, promptly shut up the family home and went off to live with his mistress, effectively leaving his young son an orphan. Remarkably, Philip emerged from his difficult childhood a character of singular vitality and dash—self-confident,

opinionated, and devastatingly handsome. Girls fell at his feet, and the princess who would become his wife was smitten from the age of thirteen. Yet alongside his considerable charm and intelligence, the young prince was also prone to volcanic outbursts, which would have profound consequences for his family and the future of the monarchy. In this authoritative and wonderfully compelling book, acclaimed biographer Philip Eade brings to vivid life the storm-tossed early years of one of the most fascinating and mysterious members of the royal family. **Country Life Illustrated** Crown Gilded Lives, Fatal Voyage takes us behind the paneled doors of the Titanic's elegant private suites to

present compelling, memorable portraits of her most notable passengers. The Titanic has often been called "An exquisite microcosm of the Edwardian era," but until now, her story has not been presented as such. In *Gilded Lives, Fatal Voyage*, historian Hugh Brewster seamlessly interweaves personal narratives of the lost liner's most fascinating people with a haunting account of the fateful maiden crossing. Employing scrupulous research and featuring 100 rarely seen photographs, he accurately depicts the ship's brief life and tragic denouement and presents compelling, memorable portraits of her most notable passengers: millionaires John Jacob Astor and Benjamin Guggenheim; President Taft's closest aide,

Major Archibald Butt; writer Helen Churchill Candee; the artist Frank Millet; movie actress Dorothy Gibson; the celebrated couturiere Lady Duff Gordon; aristocrat Noelle, the Countess of Rothes; and a host of other travelers. Through them, we gain insight into the arts, politics, culture, and sexual mores of a world both distant and near to our own. And with them, we gather on the Titanic's sloping deck on that cold, starlit night and observe their all-too-human reactions as the disaster unfolds. More than ever, we ask ourselves, "What would we have done?"

Queens of the Conquest Brepols Publishers

This book outlines the origins of Danish Capitalism and prosperity, from a poor and devastated minor state in the 19th century to a consolidated universal mixed economy

welfare state at the end of the 20th century. The book argues that firm-based innovation drove Danish prosperity and redistributive capacity. It is a comprehensive but manageable examination of the institutions and choices that shaped a highly innovative and wealthy nation. The book relies on history and economic theory, presents commonly accepted narratives and theories, and contributes new explanations. Therefore, the book also traces both antecedents and the current state of 20th-century capitalism in Denmark and particular outcomes and critical institutions such as firm age, the labor market, and pension schemes. The book will be of interest to academics in business history and economic policy, as well as policymakers and all those interested in mixed economy studies.

The dictionary section has more than 800 cross-referenced entries that cover significant events, places, institutions, and other aspects of British culture, economics, politics, and society.

Country Life Ballantine Books

Richard III ruled England for a mere twenty-six months, yet few English monarchs remain as compulsively fascinating, and none has been more persistently vilified. In his absorbing and universally praised account, Charles Ross assesses the king within the context of his violent age and explores the critical questions of the reign: why and how Richard Plantagenet usurped the throne; the belief that he ordered the murder of "the Princes in the Tower"; the events leading to the battle of Bosworth in 1485; and the death of the Yorkist dynasty with Richard himself. In a new

foreword, Professor Richard A. Griffiths identifies the attributes that have made Ross's account the leading biography in the field, and assesses the impact of the research published since the book first appeared in 1981. "A fascinating study on a perennially fascinating topic... the base against which will be measured any future research."--Times Higher Education Supplement *Royal Panoply* Macmillan

The multi-volume project responds to long-standing lacunae in Old French text study and Arthurian scholarship, in that it aims to provide a linguistically and scribally authentic text of a single illustrated Arthurian manuscript; in this case, it is one that has never before been edited, collated, or translated. Since research on text, language, and manuscript may be impeded by editorial policies operative in older editions of medieval

narratives and since viewing the manuscripts directly is often difficult or impossible, the editorial board set protocols for the Lancelot Prose of 229 editions that would address the need for authentic, accessible texts, packaged with ancillaries to address a variety of reading and experience levels. At the same time, the board wished to take into account the potential of electronic images to enhance scholarly work and teaching based on the editions. The idea of a strictly diplomatic edition was discarded in light of digital technology's ability to provide high-resolution images of an original that are useful for close private study and public viewing. Thus each edition provides a useful, portable, authentic reading of Old French Arthurian narrative that is

supported externally by online electronic images and internally by a selection of wonderful illustrations and a variety of ancillary materials and essays developed through years of study and teaching based on Yale 229. The Mort begins with the return of Bohors from the quest of the Holy Grail and narrates the declining fortunes of King Arthur and his Round Table through the dissolution of the Table and the death of Arthur. The tale includes Morgains efforts to convince Arthur of Lancelot and Guineveres adultery, Lancelots battle to save Guinevere from burning at the stake, the dramatic discovery of Guinevere and Lancelot by Arthurs knights, the departure of Arthur from his kingdom to fight Lancelot, and Arthurs leaving his Kingdom, the

keys to his treasury, and his Queen in the hands of the treacherous Mordret. In the closing folios, Arthur is mortally wounded by Mordret at the apocalyptic Battle of Salisbury Plain, and Lancelot returns to avenge Arthur against Mordrets two sons at the final Battle of Winchester. The book closes shortly after the death of Lancelot, with a rejection of the life of court and chivalry in favor of penance and spiritual fulfillment.

Elizabeth of York Ballantine Books

In the first volume of an exciting new series, bestselling author Alison Weir brings the dramatic reigns of England's medieval queens to life. The lives of England's medieval queens were packed with incident—love, intrigue, betrayal, adultery, and warfare—but their stories have been largely obscured by centuries of myth and omission.

Now esteemed biographer Alison Weir provides a fresh perspective and restores these women to their rightful place in history. Spanning the years from the Norman conquest in 1066 to the dawn of a new era in 1154, when Henry II succeeded to the throne and Eleanor of Aquitaine, the first Plantagenet queen, was crowned, this epic book brings to vivid life five women, including: Matilda of Flanders, wife of William the Conqueror, the first Norman king; Matilda of Scotland, revered as “the common mother of all England”; and Empress Maud, England’s first female ruler, whose son King Henry II would go on to found the Plantagenet dynasty. More than those who came before or after them, these Norman consorts were recognized as equal sharers in sovereignty. Without the support of their wives, the Norman kings could not have ruled their disparate dominions as effectively. Drawing from the most reliable contemporary sources, Weir skillfully strips away centuries of romantic lore to share a balanced and authentic take on the importance of these female monarchs. What emerges is a seamless royal saga, an all-encompassing portrait of English medieval queenship, and a sweeping panorama of British history. Praise for *Queens of the Conquest* “Best-selling author [Alison] Weir pens another readable, well-researched English history, the first in a proposed four-volume series on England’s medieval queens. . . . Weir’s research skills and storytelling ability combine beautifully to tell a fascinating story supported by excellent historical research. Fans of her fiction and nonfiction will enjoy this latest work.”—Library Journal (starred review) “Another sound feminist resurrection by a seasoned historian . . . Though Norman queens were largely unknowable, leave it to this prolific historical biographer to bring them to life. . . . As usual, Weir is meticulous in her research.”—Kirkus Reviews

The Last Wife of Henry VIII

Douglas Richardson

The author of Notorious Royal Marriages presents some of history's boldest, baddest, and bawdiest royals. The bad seeds on the family trees of the most powerful royal houses of Europe often became the most rotten of apples: über-violent autocrats Vlad the Impaler and Ivan the Terrible literally reigned in blood. Lettice Knollys strove to mimic the appearance of her cousin Elizabeth I and even stole her man. And Pauline Bonaparte scandalized her brother Napoleon by having a golden goblet fashioned in the shape of her breast. Chock-full of shocking scenes, titillating tales, and wildly wicked nobles, *Royal Pains* is a rollicking compendium of the most infamous, capricious, and insatiable bluebloods of Europe.

Royal Pains Macmillan

From medieval conqueror to Renaissance autocrat to Victorian Empress to modern

melodrama, *Royal Panoply* is the story of some of the most fascinating people in world history. With her trademark blend of probing scholarship, lively prose, and psychological insight, Carolly Erickson focuses on each monarch's entire life---from the puny, socially awkward Charles I, to the choleric, violent William the Conqueror, to the well-meaning, deeply affectionate Queen Anne, who was so heavy she had to be carried to her coronation. *Royal Panoply* recaptures the event-filled, often dangerous, always engaging lives of England's kings and queens, set against the backdrop of a thousand years of Britain's past.

The Publishers Weekly

Scarecrow Press

A Brief Life of the Queen is a succinct, personal and beautifully illustrated biography of Elizabeth II, who has managed to remain an enigma, despite being the most recognised woman in the world. For more than thirty years Robert Lacey has been gathering material from the members of the Queen's inner circle - her friends, relatives, private secretaries and

prime ministers - and the results are distilled in this elegant hardback which marks the Queen's Diamond Jubilee. Tracing her life through its major stages, and uncovering her greatest personal loves and trials, *A Brief Life of the Queen* offers the freshness of the first-hand insights and compelling storytelling for which Robert Lacey's best-selling biographies are renowned.

Gilded Lives, Fatal Voyage

Rowman & Littlefield

Salem witchcraft will always have a magnetic pull on the American psyche.

During the 1692 witch trials, more than 150 people were arrested. An estimated 25 million

Americans—including author Diane Foulds—are descended from the twenty individuals executed. What happened to our ancestors? *Death in Salem* is the first book to take a clear-eyed look at this complex time, by examining

the lives of the witch trial participants from a personal perspective. Massachusetts settlers led difficult lives; every player in the Salem drama endured hardships barely imaginable today. Mercy Short, one of the “bewitched” girls, watched as Indians butchered her parents; Puritan minister Cotton Mather outlived all but three of his fifteen children. Such tragedies shaped behavior and, as Foulds argues, ultimately played a part in the witch hunt’s outcome. A compelling “who’s who” to Salem witchcraft, *Death in Salem* profiles each of these historical personalities as it asks: Why was this person targeted?

The Life of Samuel Johnson, LL.D. Penguin

The best-selling author of *The Last Wife of Henry*

VIII presents a tale inspired by the life of Catherine Howard that traces her early years as a sensual plaything for a series of lovers and her treasonous passion for Tom Culpepper before her failure to produce a son for the king and scandalous allegations condemn her to death.

Brief Lives of the English Monarchs Rowman & Littlefield
Courageous, romantic, intelligent: Catherine Parr became the sixth wife of Henry VIII and her story, as Carolly Erickson recreates it, is riveting drama

Historical Dictionary of the British Monarchy

Taking advantage of material unavailable until the fall of the Soviet Union, Erickson portrays Alexandra's story as a closely observed, enthrallingly documented, progressive psychological retreat from reality. The

lives of the Romanovs were full of color and drama, but the personal life of Alexandra has remained enigmatic. Under Erickson's masterful scrutiny the full dimensions of the Empresses' singular psychology are revealed: her childhood bereavement, her long struggle to attain her romantic goal of marriage to Nicholas, the anguish of her pathological shyness, her struggles with her in-laws, her false pregnancy, her increasing eccentricities and loss of self as she became more preoccupied with matters of faith, and her increasing dependence on a series of occult mentors, the most notorious of whom was Rasputin. With meticulous care, long practiced skill, and generous imagination, Erickson crafts a character who lives and breathes.
