Invitation To A Funeral Farrar, Straus and Giroux

An exceptional event took place in London, England on May 20, 1910 as the funeral procession of King Edward VII wound its way through the streets of the British capital. Amidst bright sunshine, a magnificent panoply unfolded before mourners and spectators who had spilled into London to witness a historic gathering and to pay their respects to their late King. Crowds estimated at 2.5 million people watched in reverent and awed silence as the funeral cortege passed before them. Of all the impressive sights that they beheld, the gun-carriage carrying the late King's body had made a profound impression. But so, too, did the unprecedented sight of nine reigning monarchs astride on their horses. For here gathered the monarchs of England, Spain, Portugal, Greece, Belgium, Norway, Germany, Bulgaria, and Denmark to pay homage to King Edward VII. Follow these monarchs' lives whose stories are filled with drama, pathos, tragedy, and heroism.

The Uncommon Reader BB Art

The author of Notorious Royal Marriages presents some of history's boldest, baddest, and bawdiest royals. The bad seeds on the family trees of the most powerful royal houses of Europe often became the most rotten of apples: über-violent autocrats Vlad the Impaler and Ivan the Terrible literally reigned in blood. Lettice Knollys strove to mimic the appearance of her cousin Elizabeth I and even stole her man. And Pauline Bonaparte scandalized her brother Napoleon by having a golden goblet fashioned in the shape of her breast. Chock-full of shocking scenes, titillating tales, and wildly wicked nobles, *Royal Pains* is a rollicking compendium of the most infamous, capricious, and insatiable bluebloods of Europe.

Today South London, Tomorrow South London Scarecrow Press

The multi-volume project responds to long-standing lacunae in Old French text study and Arthurian scholarship, in that it aims to provide a linguistically and scribally authentic text of a single illustrated Arthurian manuscript; in this case, it is one that has never before been edited, collated, or translated. Since research on text, language, and manuscript may be impeded by editorial policies operative in older editions of medieval narratives and since viewing the manuscripts directly is often difficult or impossible, the editorial board set protocols for the Lancelot Prose of 229 editions that would address the need for authentic, accessible texts, packaged with ancillaries to address a variety of reading and experience levels. At the same time, the board wished to take into account the potential of electronic images to enhance scholarly work and teaching based on the editions. The idea of a strictly diplomatic edition was discarded in light of digital technology's ability to provide high-resolution images of an original that are useful for close private study and public viewing. Thus each edition provides a useful, portable, authentic reading of Old French Arthurian narrative that is supported externally by online electronic images and internally by a selection of wonderful illustrations and a variety of ancillary materials and essays developed through years of study and teaching based on Yale 229. The Mort begins with the return of Bohors from the quest of the Holy Grail and narrates the declining fortunes of King Arthur and his Round Table through the dissolution of the Table and the death of Arthur. The tale includes Morgain's efforts to convince Arthur of Lancelot and Guinevere's adultery, Lancelot's battle to save Guinevere from burning at the stake, the dramatic discovery of Guinevere and Lancelot by Arthur's knights, the departure of Arthur from his kingdom to fight Lancelot, and Arthur's leaving his kingdom, the keys to his treasury, and his Queen in the hands of the treacherous Mordret. In the closing folios, Arthur is mortally wounded by Mordret at the apocalyptic Battle of Salisbury Plain, and Lancelot returns to avenge Arthur against Mordret's two sons at the final Battle of Winchester. The book closes shortly after the death of Lancelot, with a rejection of the life of court and chivalry in favor of penance and spiritual fulfillment.

The Publishers Weekly Royal Cavalcade

APHRA BEHN is an unusual woman by any standard, especially those of 1676 London. A popular playwright and former spy, she does not bow to convention, does not always have the fortitude to turn a charming, but alcoholic attorney from her bed, and currently, does not have the funds to pay the rent on her London home. But a long-shot bet--that the Earl of Rochester's doltish young mistress can improve her painfully poor acting enough to play the lead in Aphra's latest play--could have her in the clear again. Until she's indebted to pay for the funerals of two brothers whose kindness helped her years ago. And the debt goes further than that--both deaths smack of murder, and Aphra is determined to find a killer and uncover a deadly secret...one that could engage all of England in a bloody civil war. From the squalid streets of London to the grand chambers of Whitehall Palace, author Molly Brown vividly recreates Restoration England at its most uproarious, while crafting a brilliant novel of history, humor, and heart-pounding intrigue.

From Hollywood to Disneyland Start Publishing LLC

This book outlines the origins of Danish Capitalism and prosperity, from a poor and devastated minor state in the 19th century to a consolidated universal mixed economy welfare state at the end of the 20th century. The book argues that firm-based innovation drove Danish prosperity and redistributive capacity. It is a comprehensive but manageable examination of the institutions and choices that shaped a highly innovative and wealthy nation. The book relies on history and economic theory, presents commonly accepted narratives and theories, and contributes new explanations. Therefore, the book also traces both antecedents and the current state of 20th-century capitalism in Denmark and particular outcomes and critical institutions such as firm age, the labor market, and pension schemes. The book will be of interest to academics in business history and economic policy, as well as policymakers and all those interested in mixed economy studies.

Elizabeth of York Ballantine Books

From its beginnings, Disneyland was destined to be something entirely different from the standard mid-century amusement park. To sell his dream park to investors and the public, Walt Disney recruited Hollywood art directors and sketch artists to design the grounds around the mythic settings and high-minded ideals commonly expressed on the silver screen. This book focuses on the initial planning of Disneyland and its first year of operation, a time when Walt personally oversaw every detail of the park's development. Divided into chapters by park zone, it reveals how the five sectors were constructed using illusionistic tricks of stage design. Reaching beyond structure and design, chapters also explore how the sectors--Main Street, U.S.A., Frontierland, Tomorrowland, Adventureland and Fantasyland--represented themes found in Disney stories, familiar movie genres and American culture at large.

Salem witchcraft will always have a magnetic pull on the American psyche. During the 1692 witch trials, more than 150 people were arrested. An estimated 25 million Americans--including author Diane Foulds--are descended from the twenty individuals executed. What happened to our ancestors? Death in Salem is the first book to take a clear-eyed look at this complex time, by examining the lives of the witch trial participants from a personal perspective. Massachusetts settlers led difficult lives; every player in the Salem drama endured hardships barely imaginable today. Mercy Short, one of the "bewitched" girls, watched as Indians butchered her parents; Puritan minister Cotton Mather outlived all but three of his fifteen children. Such tragedies shaped behavior and, as Foulds argues, ultimately played a part in the witch hunt's outcome. A compelling "who's who" to Salem witchcraft, *Death in Salem* profiles each of these historical personalities as it asks: Why was this person targeted?

Lives of illustrious and distinguished Irishmen ... Macmillan + ORM

The sequel to *Wolf Hall*, Hilary Mantel's *Man Booker Prize* winner and *New York Times* bestseller, *Bring Up the Bodies* delves into the heart of Tudor history with the downfall of Anne Boleyn. The basis for the TV show on BBC and PBS *Masterpiece* starring Mark Rylance as Thomas Cromwell. Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? Named a top 10 Best Book of the Year by *The New York Times*, *Publishers Weekly*, and *The Washington Post* *Country Life* Macmillan

This book aims not only to re-examine the life of the great composer Handel, but also to explore the very concepts of biography. With an introduction, bibliography, and index. Figures. Tables.

Mona, Queen of Lost Atlantis Macmillan

In this collection of essays and interviews, nine gifted composers openly discuss their work.

Bring Up the Bodies Rowman & Littlefield

A fictionalized account of the life of Catherine Howard traces her early years as a sensual plaything for a series of lovers and her treasonous passion for Tom Culpeper before her failure to produce a son for the king and scandalous allegations condemn her to death.

Pageant of Kings: The Nine Sovereigns at Edward VII's Funeral Unbound Publishing

South London-based blog, *Deserter*, is an alt guide to living and loafing in the wonky wonderland south of the river. Its authors, under their noms de plume Dulwich Raider and Dirty South, record off-beat days out and urban adventures featuring pubs, cemeteries, galleries, hospitals and pubs again, often in the company of their volatile dealer, Half-life, and the much nicer Roxy. Part guide, part travelogue, this book is a collection of these tales with the addition of lots of new material that their publisher absolutely insisted upon. South London, that maligned wasteland where cabbies once feared to drive, can no longer be ignored. The South is risen!

Historical Dictionary of the British Monarchy The History Press

In his previously written articles and books, Chris Edwards has argued that Teaching should be considered a field that is separate from both the field of Education and from the content area fields. Teaching is a field which synthesizes content and method for classroom application. All of the other major intellectual fields have a canon of works which practitioners can learn from and add to, but Teaching does not. The *Connecting-the-Dots in World History: A Teacher's Literacy-Based Curriculum* series changes this by showing how effective a teacher-generated curriculum can be. These books can inspire other teachers to create their own curriculums and inspire a change in the way that the public views teachers and teaching.

Alice Nan A. Talese

In the first in a new series of brief biographies, bestselling author Peter Ackroyd brilliantly evokes the medieval world of England and provides an incomparable introduction to the great poet's works. Geoffrey Chaucer, who died in 1400, lived a surprisingly eventful life. He served with the Duke of Clarence and with Edward III, and in 1359 was taken prisoner in France and ransomed. Through his wife, Philippa, he gained the patronage of John of Gaunt, which helped him carve out a career at Court. His posts included Controller of Customs at the Port of London, Knight of the Shire for Kent, and King's Forester. He went on numerous adventurous diplomatic missions to France and Italy. Yet he was also indicted for rape, sued for debt, and captured in battle. He began to write in the 1360s, and is now known as the father of English poetry. His *Troilus and Criseyde* is the first example of modern English literature, and his masterpiece, *The Canterbury Tales*, the forerunner of the English novel, dominated the last part of his life. In his lively style, Peter Ackroyd, one of the most acclaimed biographers and novelists writing today, brings us an eye-opening portrait, rich in drama and colorful historical detail, of a prolific, multifaceted genius.

Women of Influence in Contemporary Music Douglas Richardson

"Set against the backdrop of Victorian and Edwardian society, a portrait of the three Jerome sisters--Jennie, Clara, and Leonie, American heiresses who married into the heights of British society -- spans three generations, from their parents through their children, including Jennie's son, Winston Churchill."--Publisher.

The Writers Directory Rowman & Littlefield

NEW YORK TIMES BESTSELLER • Bestselling historian Alison Weir tells the poignant, suspenseful and sometimes tragic story of Elizabeth, eldest daughter of the Yorkist King Edward IV and sister of the Princes in the Tower, a woman whose life was inextricably caught up in the turmoil of the Wars of the Roses and the establishment of the usurping Tudor dynasty. She was the wife of Henry VII and mother of Henry VIII. Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York, Henry's mother and Elizabeth's grandmother, spanned one of England's most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of royalty. But after the death of her father; the disappearance and probable murder of her brothers—the Princes in the Tower; and the usurpation of the throne by her calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard's wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be England's rightful queen. Weir addresses Elizabeth's possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth's subsequent marriage to Henry united the houses of York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry's firm grasp, but Weir shows that Elizabeth proved to be a model consort—pious and generous—who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long overdue and much-deserved look at this unforgettable princess whose line descends to today's British monarch—a woman who overcame tragedy and danger to become one of England's most beloved consorts. Praise for Elizabeth of York "Weir tells Elizabeth's story well. . . . She is a meticulous scholar. . . . Most important, Weir sincerely admires her subject, doing honor to an almost forgotten queen."—The New York Times Book Review "In

[Alison] Weir's skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is a must-read for Tudor fans!"—Historical Novels Review "This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity."—Booklist "Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman."—Huntington News *Lives of Illustrious and Distinguished Irishmen* Boydell & Brewer

A panoply is a splendid and striking array, sometimes an array of knightly arms, sometimes an array of banners or trophies, costumes or works of art. In this book you will read about a royal panoply, an array of monarchical lives, some splendid, a few wretched, all striking in their variety, their vicissitudes, their predictable or improbable fates.

Plantagenet Ancestry: A Study In Colonial And Medieval Families, 2nd Edition, 2011 Macmillan

Thorvald Spear, resurrected from his death over a hundred years earlier, continues to hunt Penny Royal, the rogue AI and dangerous war criminal on the run from Polity forces. Beyond the Graveyard, a lawless and deadly area in deep space, Spear follows the trail of several enemy Prador, the crab-like alien species with a violent history of conflict with humanity. Sverl, a Prador genetically modified by Penny Royal and slowly becoming human, pursues Cvorn, a Prador harboring deep hatred for the Polity looking to use him and other hybrids to reignite the dormant war with mankind. Blite, captain of a bounty hunting ship, hands over two prisoners and valuable memplants from Penny Royal to the Brockle, a dangerous forensics entity under strict confinement on a Polity spaceship that quickly takes a keen interest in the corrupted AI and its unclear motives. Penny Royal meanwhile continues to pull all the strings in the background, keeping the Polity at bay and seizing control of an attack ship. It seeks Factory Station Room 101, a wartime manufacturing space station believed to be destroyed. What does it want with the factory? And will Spear find the rogue AI before it gets there? *War Factory*, the second book in the Transformation trilogy, is signature space opera from Neal Asher: breakneck pacing, high-tech science, bizarre alien creatures, and gritty, dangerous far-future worlds.
