 I was surprised to see this on  
 Amazon being that Royden  
 died over 15 years ago and the  
 last edition of the book was  
 published in '88. I've never  
 read the original, but it is  
 traditionally the required text  
 for my university's 4th year  
 real analysis course, which I  
 will be taking in the fall.
