Eloquent Ruby "O'Reilly Media, Inc."

It ' s easy to write correct Ruby code, but to gain the fluency needed to write great Ruby code, you must go beyond syntax and absorb the “ Ruby way ” of thinking and problem solving. In Eloquent Ruby, Russ Olsen helps you write Ruby like true Rubyists do – so you can leverage its immense, surprising power. Olsen draws on years of experience internalizing the Ruby culture and teaching Ruby to other programmers. He guides you to the “ Ah Ha! ” moments when it suddenly becomes clear why Ruby works the way it does, and how you can take advantage of this language ' s elegance and expressiveness. Eloquent Ruby starts small, answering tactical questions focused on a single statement, method, test, or bug. You ' ll learn how to write code that actually looks like Ruby (not Java or C#); why Ruby has so many control structures; how to use strings, expressions, and symbols; and what dynamic typing is really good for. Next, the book addresses bigger questions related to building methods and classes. You ' ll discover why Ruby classes contain so many tiny methods, when to use operator overloading, and when to avoid it. Olsen explains how to write Ruby code that writes its own code – and why you ' ll want to. He concludes with powerful project-level features and techniques ranging from gems to Domain Specific Languages. A part of the renowned Addison-Wesley Professional Ruby Series, Eloquent Ruby will help you “ put on your Ruby-colored glasses ” and get results that make you a true believer.

I wanted to hate her. For three years, Camilla withheld the fact that my brother had a son, Liam. Then, Tony died without ever knowing his kid, and I was going to make sure Ms. Rose paid a price for her deceit. I also wanted Liam to be raised as a Burke. Our family's legacy was one to carry on, so the terms were straightforward. Live in my home. Allow me to help raise Liam. Oh, and agree to be my submissive. In return, I agreed not to rip Camilla's child away from her. I also offered them both financial security and a life of luxury. It seemed generous to me. It might've been simple, too, had she not reminded me of the lady in red. The one who haunted my dreams at night. Camilla's hazel eyes were a mirror image, her sweetness more than an acquaintance to my subconscious. I was a hacker by trade, and the internet was my best friend, sharing with me every secret I wished to unearth. I believed that until an unfathomable truth revealed

itself in a different way. Some secrets are never whispered, only sensed by the heart, and all along, my soul held the truth. It hid even from me the most important secret of them all. The Terms ends in a cliffhanger. It contains explicit language and graphic sex, including aspects of BDSM. The second novel in the duet, *The Terms: Part Two*, will release June 2017. *A Groom for Ruby* Silky Oak Press
