More Food: Road to Survival is a comprehensive analysis of agricultural improvements which can be achieved through scientific methods. This reference book gives information about strategies for increasing plant productivity, comparisons of agricultural models, the role of epigenetic events on crop production, yield enhancing physiological events (photosynthesis, germination, seedling emergence, seed properties, etc.), tools enabling efficient exploration of genetic variability, domestication of new species, the detection or induction of drought resistance and apomixes and plant breeding enhancement (through molecularly assisted breeding, genetic engineering, genome editing and next generation sequencing). The book concludes with a case study for the improvement of small grain cereals. Readers will gain an understanding of the biotechnological tools and concepts central to sustainable agriculture  
More Food: Road to Survival is, therefore, an ideal reference for agriculture students and researchers as well as professionals involved sustainability studies.

Integrative Nursing uses an evidence-based approach to provide nursing protocols for the management of conditions that respond well to integrative treatment. Alternative and complementary therapies are not presented as substitutes for mainstream medical care, but they are "integrated" into the overall regimen, and always subjected to critical analysis.

This title is available in a new edition Success is in the balance. In the Second Canadian Edition of Psychology, John Santrock and John Mitterer present the perfect balance of big ideas vs. supporting detail, breadth vs. depth, and research vs. application, all framed by a pedagogical system that effectively guides the student through the key concepts of psychology. New learning goals launch each chapter and serve as the organizing mechanism for the text and supporting materials,

focusing students' attention on the big ideas of psychology. Rich applications and current research from Canada, the United States, and other countries support the big ideas so that students emerge with an understanding of the key concepts, not a collection of details. Santrock and Mitterer provide both you and your students with the balance you need to succeed!

Rebecca Donnelly's How Slippery Is a Banana Peel? is a picture book companion to Cats Are a Liquid celebrating the science and the slipperiness of banana peels—a perfect introduction to friction, featuring illustrations by Misa Saburi. Volcanoes roar, But banana peels race. Rockets soar, Like bananas through space. A group of kid-experimenters at a science fair explore the slipperiness of banana peels—a perfect introduction to scientific concepts! It's funny and STEM-inspired, with back matter on friction and a kitchen science experiment. These playful and mischievous banana peels will capture the imagination of readers.

**Integrative Nursing** John Wiley & Sons Incorporated

'Interspersed with acts of breathtaking linguistic daring.' Charlotte Mendelson, Observer Book of the Year Opening with a powerful and tender 'Ode to the Hymen', Sharon Olds uses this age-old poetic form to address many aspects of herself, in a collection that is centred around the female body and female pleasures, and touches along the way on parts of her own story which will be familiar from earlier works, each episode and memory now burnished by the wisdom and grace of looking back. In such poems as 'Ode to My Sister', 'Ode of Broken Loyalty', 'Ode to My Whiteness', 'Blow Job Ode', 'Ode to the Last 38 Trees in New York City Visible from This Window', Olds treats us to an intimate self-examination that, like all her work, is universal and by turns searing and charming in its honesty. From the early bodily joys and sorrows of her girlhood to the recent deaths of those dearest to her – the 'Sheffield Mountain Ode' for Galway Kinnell is one of the most stunning pieces here – Olds shapes her world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Marine Diesel Basics 1 Oxford University Press

A guide to coping with the medical, self-care, and emotional issues of spinal bifida, with an emphasis on becoming as independent as possible.

sense of fantasy and flight.

Growing Up Cajun Walter de Gruyter GmbH & Co KG

Mariu saga, the Old Norse-Icelandic life of the Virgin Mary, survives in nineteen manuscripts. While the 1871 edition of the saga provides two versions based on multiple manuscripts and prints significant variants in the notes, it does not preserve the literary and social contexts of those manuscripts. In the extant manuscripts Mariu saga rarely exists in the codex by itself. This study restores the saga to its manuscript contexts in order to better understand the meaning of the text within its manuscript matrix, why it was copied in the specific manuscripts it was, and how it was read and used by the different communities that preserved the manuscripts.
