Exhibiting just five or six of these symptoms is enough to merit a diagnosis of Major Depressive Episode, according to the recognized medical criteria. Drawing on the writings of poets, philosophers, songwriters, zoologists and scientists Tallis shows how throughout time - and particularly in the West, the metaphor of illness and specifically mental illness has been used to describe the state of being in love. And asks why it is that we continue to search out this kind of love, with the ecstasy seeming to blind us to the agony.
