INSPIRATION FOR THE VH1 SERIES THE BREAKS The Big Payback takes readers from the first \$15 made by a " rapping DJ " in 1970s New York to the multi-million-dollar sales of the Phat Farm and Roc-a-Wear clothing companies in 2004 and 2007. On this four-decade-long journey from the studios where the first rap records were made to the boardrooms where the big deals were inked, The Big Payback tallies the list of who lost and who won. Read the secret histories of the early long-shot successes of Sugar Hill Records and Grandmaster Flash, Run DMC's crossover breakthrough on MTV, the marketing of gangsta rap, and the rise of artist/ entrepreneurs like Jay-Z and Sean " Diddy " Combs. 300 industry giants like Def Jam founders Rick Rubin and Russell Simmons gave their stories to the renowned hip-hop journalist Dan Charnas, who provides a compelling, never-before-seen, myth-debunking view into the victories, defeats, corporate clashes, and street battles along the 40-year road to hip-hop's dominance.

INCLUDES PHOTOGRAPHS *Life and Def* Farrar, Straus and Giroux When Mastin

Kipp found himself at rock bottom—addicted to drugs and parties, living in the tiny pool house of his ex-girlfriend’s parents, jobless, and with nowhere to go—he looked to the divine for help. What he found moved him from a life filled with the excesses of Hollywood—as a manager in the music industry—to one powered by self-acceptance and service. To spread the love beyond his personal circle, Mastin started his Twitter account, @TheDailyLove (now with more than half a million followers), and his popular website, TheDailyLove.com, which features writers from many walks of life—from Russell Simmons to Wayne W. Dyer. Now Mastin has written a book based on his spiritual experiences in order to help other young seekers discover their own paths. In Daily Love, Mastin shares some of his personal stories of darkness and light, embracing them all as part of his journey to becoming who he really is. He also speaks of various spiritual leaders who have influenced his life, such as Joseph Campbell, Caroline Myss, Tony Robbins, George Lucas, Oprah, his parents, and Jenna (his girlfriend). Giving details about the concepts and spiritual principles they put forth, he shows how these people have helped to guide

him to success.

The Meaning of
Success: Insights
from Women at
Cambridge makes
a compelling case
for a more
inclusive definition
of success. It
argues that in
order to recognise,
reward and realise
the talents of both
women and men,
a more
meaningful
definition of
success is needed.
Practical ways of
achieving this are
explored through
interviews with

female role models
at the University of
Cambridge. First-
person stories
bring alive the
achievements and
challenges women
experience in their
working lives, and
the effect gender
has on careers.

The book
stimulates a debate
about how to bring
about a more
inclusive working
environment.

How can you build
unshakable
confidence and
resilience in a world
still filled with
ignorance,
inequality, and
discrimination? The
Queer and
Transgender
Resilience
Workbook will
teach you how to
challenge
internalized negative

messages, handle stress, build a community of support, and embrace your true self. Resilience is a key ingredient for psychological health and wellness. It ' s what gives people the psychological strength to cope with everyday stress, as well as major setbacks. For many people, stressful events may include job loss, financial problems, illness, natural disasters, medical emergencies, divorce, or the death of a loved one. But if you are queer or gender non-conforming, life stresses may also include discrimination in housing and health

care, employment barriers, homelessness, family rejection, physical attacks or threats, and general unfair treatment and oppression—all of which lead to overwhelming feelings of hopelessness and powerlessness. So, how can you gain resilience in a society that is so often toxic and unwelcoming? In this important workbook, you ' ll discover how to cultivate the key components of resilience: holding a positive view of yourself and your abilities; knowing your worth and cultivating a strong sense of self-esteem; effectively utilizing

resources; being assertive and creating a support community; fostering hope and growth within yourself, and finding the strength to help others. Once you know how to tap into your personal resilience, you ' ll have an unlimited well you can draw from to navigate everyday challenges. By learning to challenge internalized negative messages and remove obstacles from your life, you can build the resilience you need to embrace your truest self in an imperfect world. Let's Get Free Berrett-Koehler Publishers Avoiding the easy definitions and

caricatures that tend to celebrate or condemn the "hip hop generation," Hip Hop Matters focuses on fierce and far-reaching battles being waged in politics, pop culture, and academe to assert control over the movement. At stake, Watkins argues, is the impact hip hop has on the lives of the young people who live and breathe the culture. He presents incisive analysis of the corporate takeover of hip hop and the rampant misogyny that undermines the movement's progressive claims. Ultimately, we see how hip hop struggles reverberate in the larger world:

global media consolidation; racial and demographic flux; generational cleavages; the reinvention of the pop music industry; and the ongoing struggle to enrich the lives of ordinary youth. Don't Start the Revolution Without Me! Univ of North Carolina Press What is the secret of talent? How do we unlock it? This groundbreaking work provides readers with tools they can use to maximize potential in themselves and others. Whether you 're coaching soccer or teaching a child to play the piano, writing a novel or trying to

improve your golf swing, this revolutionary book shows you how to grow talent by tapping into a newly discovered brain mechanism. Drawing on cutting-edge neurology and firsthand research gathered on journeys to nine of the world ' s talent hotbeds—from the baseball fields of the Caribbean to a classical-music academy in upstate New York—Coyle identifies the three key elements that will allow you to develop your gifts and optimize your performance in sports, art, music, math, or just about anything. • Deep Practice Everyone

knows that practice is a key to success. What everyone doesn't know is that specific kinds of practice can increase skill up to ten times faster than conventional practice. • Ignition We all need a little motivation to get started. But what separates truly high achievers from the rest of the pack? A higher level of commitment—call it passion—born out of our deepest unconscious desires and triggered by certain primal cues. Understanding how these signals work can help you ignite passion and catalyze skill development. • Master Coaching What are the secrets of the world's most effective teachers, trainers, and coaches? Discover the four virtues that enable these “talent whisperers” to fuel passion, inspire deep practice, and bring out the best in their students. These three elements work together within your brain to form myelin, a microscopic neural substance that adds vast amounts of speed and accuracy to your movements and thoughts. Scientists have discovered that myelin might just be the holy grail: the foundation of all forms of greatness, from Michelangelo's to Michael Jordan's. The good news about myelin is that it isn't fixed at birth; to the contrary, it grows, and like anything that grows, it can be cultivated and nourished. Combining revelatory analysis with illuminating examples of regular people who have achieved greatness, this book will not only change the way you think about talent, but equip you to reach your own highest potential. The Power of Broke CFA Institute Research Foundation Author J. Russell Smith (1874-1966) travelled widely and shares his insights and research into agro-forestry, describing how trees such as carob, honey locust, persimmon, mulberry,

oaks and pecans can be used to enrich the land and the people and animals dependent on it.

Brands and

Branding Abrams

Named a Best Nonfiction Book of 2022 by Esquire A sociological study of reality TV that explores its rise as a culture-dominating medium—and what the genre reveals about our attitudes toward race, gender, class, and sexuality What do we see when we watch reality television? In True Story: What Reality TV Says About Us, the sociologist and TV-lover Danielle J. Lindemann takes a long, hard look in the “funhouse

mirror” of this genre. From the first episodes of The Real World to countless rose ceremonies to the White House, reality TV has not just remade our entertainment and cultural landscape (which it undeniably has). Reality TV, Lindemann argues, uniquely reflects our everyday experiences and social topography back to us. Applying scholarly research—including studies of inequality, culture, and deviance—to specific shows, Lindemann layers sharp insights with social theory, humor, pop cultural references, and anecdotes from her own life to show us

who we really are. By taking reality TV seriously, True Story argues, we can better understand key institutions (like families, schools, and prisons) and broad social constructs (such as gender, race, class, and sexuality). From The Bachelor to Real Housewives to COPS and more (so much more!), reality programming unveils the major circuits of power that organize our lives—and the extent to which our own realities are, in fact, socially constructed. Whether we’re watching conniving Survivor contestants or three-year-old beauty queens, these “guilty pleasures” underscore how

conservative our society remains, and how steadfastly we cling to our notions about who or what counts as legitimate or “real.” At once an entertaining chronicle of reality TV obsession and a pioneering work of sociology, True Story holds up a mirror to our society: the reflection may not always be pretty—but we can’t look away. Issues for Debate in Sociology John Wiley & Sons Since rising out of the New York City streets over 25 years ago, Russell Simmons has helped create such groundbreaking ventures as Def

Jam Records, Phat Farm and Def Comedy Jam, becoming known the world over as “The CEO of Hip Hop.” He credits his success to his belief in a set of 12 laws, which he shares in this book. His path towards success can be followed by anyone struggling to realize their dreams. Indeed, those solely looking to build up their bank accounts at the expense of personal integrity should look elsewhere. Blending business insight and spiritual inspiration, Russell believes that all success, professional or

personal, comes from a connection with your higher self, and that it's impossible to receive any sort of lasting success from the world without giving something of lasting value to the world first: being a mentor and philanthropist is fundamental to success.--From publisher description. Success Through Stillness New Harbinger Publications “A literary experience unlike any I’ve had in recent memory . . . a blueprint for this moment and the next, for where Black folks have been and

where they might be going. ” —The New York Times Book Review (Editors ’ Choice) What does it mean to be Black and alive right now? Kimberly Drew and Jenna Wortham have brought together this collection of work—images, photos, essays, memes, dialogues, recipes, tweets, poetry, and more—to tell the story of the radical, imaginative, provocative, and gorgeous world that Black creators are bringing forth today. The book presents a succession of startling and beautiful pieces that generate an entrancing rhythm: Readers will go from

conversations with activists and academics to memes and Instagram posts, from powerful essays to dazzling paintings and insightful infographics. In answering the question of what it means to be Black and alive, Black Futures opens a prismatic vision of possibility for every reader. Body and Soul Macmillan Drawing on his personal fascinating story as a prosecutor, a defendant, and an observer of the legal process, Paul Butler offers a sharp and engaging critique of our criminal justice

system. He argues against discriminatory drug laws and excessive police power and shows how our policy of mass incarceration erodes communities and perpetuates crime. Controversially, he supports jury nullification—or voting “ not guilty ” out of principle—as a way for everyday people to take a stand against unfair laws, and he joins with the “ Stop Snitching ” movement, arguing that the reliance on informants leads to shoddy police work and distrust within

communities. Butler hip-hop became the portraits of many of offers instead a Esperanto of youth hip-hop's " hip hop theory rebellion and a forebears, founders, of justice, " parsing generation-defining and mavericks, the messages about movement. Yoga 's Ancient
Wisdom Can
Transform Your
Work Life
Everyone knows
that yoga helps
reduce stress and
increase the
body 's flexibility
and strength. But
the physical aspects
barely scratch the
surface of yoga 's
transformative
powers. The poses
are only one part of
a larger philosophy
offering profound
insights for
confronting the
complexities of
daily life. Yoga can
help you remain
centered,
compassionate,
positive, and sane

every hour of the
day—especially
those between nine
and five. This
unprecedented
guide shows how
practicing the full
range of yogic
concepts—the
traditional “ Eight
Limbs of
Yoga ” —leads to a
productive,
creative, and
energizing work
environment and
features examples
from professions
like law
enforcement,
teaching, banking,
filmmaking,
medicine, and
many more. But
beyond that, this
book is an
invitation to use all
of yoga 's

teachings to
cultivate the spark
of the divine that
dwells within each
of us. “ Filled with
personal insights
and stories that
carry yoga into the
world of daily
decision making....
It is wonderful to
see the foundations
of practice brought
to life in such a
confident, sincere,
and thoughtful
way. ” —Pandit
Rajmani Tuganait,
Chairman and
spiritual head of the
Himalayan Institute
“ Maren and Jamie
show that yoga is
not just about
poses—the practice
is about creating the
stillness of mind
that will allow you

do the work you were meant to do. Seriously, read this book! ” —Russell Simmons, cofounder of Def Jam “ The [Showkeirs] bring the deepest teachings of yoga alive by showing exactly how to bring our yoga—and our best selves—into the world. ” —Judith Lasater, PhD, author of *Relax and Renew: Restful Yoga for Stressful Times* I'm Telling the Truth, but I'm Lying HarperCollins The former governor recounts his gubernatorial years, discussing his

decision not to seek a second term, frustration with internal corruption in the two-party system, suspicions about the September 11 attacks, and views on the war in Iraq. The New Elite Macmillan INSTANT NEW YORK TIMES BESTSELLER! In I ' m Telling the Truth, but I ' m Lying Bassey Ikpi explores her life—as a Nigerian-American immigrant, a black woman, a slam poet, a mother, a daughter, an artist—through the lens of her mental health and diagnosis of

bipolar II and anxiety. Her remarkable memoir in essays implodes our preconceptions of the mind and normalcy as Bassey bares her own truths and lies for us all to behold with radical honesty and brutal intimacy. "We will not think

or talk about

mental health or

normalcy the same

after reading this

momentous art

object

moonlighting as a

colossal collection

of essays. "

—Kiese Laymon,

author of Heavy

From her early

childhood in

Nigeria through her hospitalization and

adolescence in

Oklahoma, Bassey

Ikpi lived with a

tumult of emotions,

cycling between

extreme euphoria

and deep depressio

n—sometimes

within the course of

a single day. By the

time she was in her

early twenties,

Bassey was a

spoken word artist

and traveling with

HBO's Def Poetry

Jam, channeling her

life into art. But

beneath the fa ç ade

of the confident

performer, Bassey's

mental health was

in a precipitous

decline,

culminating in a

breakdown that

resulted in

a diagnosis of

Bipolar II. In I'm

Telling the Truth,

But I'm Lying,

Bassey Ikpi breaks

open our

understanding of

mental health by

giving us intimate

access to her own.

Exploring shame,

confusion,

medication, and

family in the

process, Bassey

looks at how

mental health

impacts every

aspect of our

lives—how we

appear to others,

and more

importantly to

ourselves—and

challenges our

preconception

about what it means

to be "normal."

Viscerally raw and honest, the result is an exploration of the stories we tell ourselves to make sense of who we are—and the ways, as honest as we try to be, each of these stories can also be a lie.

You Are Not So Smart SAGE Publications

Rethink management in criminal justice.

Administration and Management in Criminal Justice: A Service Quality Approach, Third Edition emphasizes the proactive techniques for administration professionals by using a service

quality lens to address management in this administration and management concepts in all areas of the criminal justice system. Authors Jennifer M. Allen and Rajeev Sawhney encourage you to consider the importance of providing high-quality and effective criminal justice services. You will develop skills for responding to your customers—other criminal justice professionals, offenders, victims, and the community—and learn how to respond to changing environmental factors. You will also learn to critique your own views of what constitutes

management in this service sector, all with the goal of improving the effectiveness of the criminal justice system. New to the Third Edition: Examinations of current concerns and management trends in criminal justice agencies make you aware of the types of issues you may face, such as workplace bullying, formal and informal leadership, inmate-staff relationships, fatal police shootings, and more. Increased discussions of a variety of important topics spark classroom debate around areas such as homeland security – era policing, procedural

justice, key court personnel, and private security changes. Expanded coverage of technology in criminal justice helps you see how technology such as cybercrime, electronic monitoring and other uses of technology in probation and parole, body-worn cameras, and police drones have had an impact on the discipline. Updated Career Highlight boxes demonstrate the latest data for each career presented. More than half the book has been updated with new case studies to offer you current examples of theory

being put into practice. Nine new In the News articles include topics such as Recent terrorist attacks Police shootings Funding for criminal justice agencies New technology, such as police drones and the use of GPS monitoring devices on sex offenders Cybercrime, cyberattacks, and identity theft Updated references, statistics, and data present you with the latest trends in criminal justice. Unlimited Sales Success Avery With contributions from leading brand experts around the world, this valuable resource delineates the case for brands (financial value, social

value, etc.) and looks at what makes certain brands great. It covers best practices in branding and also looks at the future of brands in the age of globalization. Although the balance sheet may not even put a value on it, a company ' s brand or its portfolio of brands is its most valuable asset. For well-known companies it has been calculated that the brand can account for as much as 80 percent of their market value. This book argues that because of this and because of the power of not-for-profit brands like the Red Cross or Oxfam, all organisations should make the brand their central organising principle, guiding every decision and every action. As well as making the case for

brands and examining the argument of the anti-globalisation movement that brands are bullies which do harm, this second edition of Brands and Branding provides an expert review of best practice in branding, covering everything from brand positioning to brand protection, visual and verbal identity and brand communications. Lastly, the third part of the book looks at trends in branding, branding in Asia, especially in China and India, brands in a digital world and the future for brands. Written by 19 experts in the field, Brands and Branding sets out to provide a better understanding of the role and importance of brands, as well as a wealth of insights into how one builds and sustains a successful brand.
