36 Questions and Answers about Jesus of Nazareth Random House

A noted literary scholar traverses the Russian canon, exploring how realists, idealists, and revolutionaries debated good and evil, moral responsibility, and freedom. Since the age of Tolstoy, Dostoevsky, and Chekhov, Russian literature has posed questions about good and evil, moral responsibility, and human freedom with a clarity and intensity found nowhere else. In this wide-ranging meditation, Gary Saul Morson delineates intellectual debates that have coursed through two centuries of Russian writing, as the greatest thinkers of the empire and then the Soviet Union enchanted readers with their idealism, philosophical insight, and revolutionary fervor. Morson describes the Russian literary tradition as an argument between a radical intelligentsia that uncompromisingly followed ideology down the paths of revolution and violence, and writers who probed ever more deeply into the human condition. The debate concerned what Russians called "the accursed questions": If there is no God, are good and evil merely human constructs? Should we look for life's essence in ordinary or extreme conditions? Are individual minds best understood in terms of an overarching theory or, as Tolstoy thought, by tracing the "tiny alternations of consciousness"? Exploring apologia for bloodshed, Morson adapts Mikhail Bakhtin's concept of the non-alibi—the idea that one cannot escape or displace responsibility for one's actions. And, throughout, Morson isolates a characteristic theme of Russian culture: how the aspiration to relieve profound suffering can lead to either heartfelt empathy or bloodthirsty tyranny. What emerges is a contest between unyielding dogmatism and open-minded dialogue, between heady certainty and a humble sense of wonder at the world's elusive complexity—a thought-provoking journey into

inescapable questions.

Learn Russian Through Short Stories Rowman & Littlefield

This book examines the crisis in Ukraine through the lens of “ triangular diplomacy, ” which focuses on the multiple interactions among the European Union, the United States and Russia. It is explicitly comparative, considering how the US and EU responded to ostensibly the same crisis. It also adopts a “ 360-degree ” perspective, focusing on how the US and EU interacted in their dealings with Russia, and how Russia and Ukraine have responded. Chapters focus on each of the four protagonists – the EU, the US, Russia and Ukraine – and on key, cross-cutting aspects of the crisis – sanctions, international law and energy. The book thus contrasts a conventional, if exceptional, great power – the US – with a very non-traditional foreign policy actor – the EU. It would be suitable for both undergraduate and graduate courses on the EU ’ s external policies and engagement in world affairs, EU-US relations, EU-Russia interactions, or regional security issues.
