The Declaration of the Rights of Man and the Citizen 1789 and 1793 Hodder Education

At the turn of the century, the Russian economy was growing by about 10% annually and its population had reached 150 million. By 1920 the country was in desperate financial straits and more than 20 million Russians had died. And

by 1950, a third of the globe had embraced communism. The triumph of Communism

sets a profound puzzle. How did the Bolsheviks win power and then cling to it amid the chaos they had created? Traditional histories remain a

captive to Marxist ideas about class struggle. Analysing never before used files from the Tsarist military archives, McMeekin argues that war is the answer. The revolutionaries were aided at nearly every step by Germany, Sweden, and Switzerland who sought to benefit - politically and economically - from the changes overtaking the country.

To make sense of Russia's careening path the essential question is not Lenin's "who, whom?", but who benefits?

Russian Revolution Study and Exam Guide Cambridge University Press

Richard Pipes's authoritative history of the "violent and disruptive acts" that created the

first modern totalitarian regime portrays the crisis at the heart of the tsarist empire. Drawing on archival materials newly released in Russia, he chronicles the upheaval that began as a conservative revolt but was soon captured by messianic intellectuals intent not merely on reforming Russia but on remaking the world. He provides fresh accounts of the revolution's personalities and policies, crises, and cruelties, from the murder of the royal family through civil war, famine, and state terror. Brilliantly and persuasively, Pipes shows us why the resulting system owes less to the theories of Marx than it did to the character of Lenin and Russia's long authoritarian tradition. What ensues is a path-clearing work that is indispensable to any understanding of the events of the century.

About Russia, Its Revolutions, Its Development and Its Present

Courier Corporation
The Russian Civil War of 1917-1920, out of which the Soviet Union was born, was one of the most significant events of the twentieth century. The collapse of the Tsarist regime and the failure of the Kerensky Provisional Government nearly led to the complete disintegration of the Russian state. This book, however, is not simply the story of that collapse and the rebellion that accompanied it, but of the painful and costly

reconstruction of Russian power under a Soviet regime. Evan Mawdsley's lucid account of this vast and complex subject explains in detail the power struggles and political manoeuvres of the war, providing a balanced analysis of why the Communists were victors. This edition includes illustrations, a new preface and an extensively updated bibliography.

Animal Farm Verso Books
"The author analyzes modern Russian history from a new perspective. Due to the ideological heritage of the XIX and XX century, the social settings of the sociopolitical history of the USSR (1917-1945) have not been fully identified. Detailed examination of ideological and political concepts shows that the revolution of 1917 became not a middle class, proletarian movement, but rather a plebeian one. The misjudgment by the new power enabled growth but caused tremendous losses of human lives and material damages. Socialization of economy and strict centralization led to a new social structure and established terror as an instrument for social reorganization. WWII revealed the necessity of a

correction of these developments, but the events of the Cold War circumvented any further considerations"--Provided by publisher.

On Guerrilla Warfare

Houghton Mifflin Harcourt
Florence Nightingale is famous as the " lady with the lamp " in the Crimean War, 1854—56. There is a massive amount of literature on this work, but, as editor Lynn McDonald shows, it is often erroneous, and films and press reporting on it have been even less accurate. The Crimean War reports on Nightingale ' s correspondence from the war hospitals and on the staggering amount of work she did post-war to ensure that the appalling death rate from disease (higher than that from bullets) did not recur. This volume contains much on Nightingale ' s efforts to achieve real reforms. Her well-known, and relatively " sanitized " , evidence to the royal commission on the war is compared with her confidential, much franker, and very thorough Notes on the Health of the British Army, where the full horrors of disease and neglect are laid out, with the names of those responsible. History for the IB Diploma Paper 3
Imperial Russia, Revolution and the Establishment of the Soviet Union (1855 – 1924) Houghton Mifflin Harcourt
The war in Vietnam was a bitter and unpopular conflict for the American soldiers and people back

home. It was also a war where the media played a big role. Both French colonial rule and the American intervention in Vietnam failed, but why? Find out inside! Discover a timeline telling the story of the conflict and explore the battles, technology and tactics of combat. Imagine you're in the humid jungles of Vietnam, the Vietcong ready to ambush your squad any minute and booby traps lay hidden across the ground and you're only a teenager. That was the experience for many Americans in the sixties.

The first documented, systematic study of a truly revolutionary subject, this 1937 text remains the definitive guide to guerrilla warfare. It concisely explains unorthodox strategies that transform disadvantages into benefits.

The Russian Revolution Profile Books

Manifesto of the Communist Party by Karl Heinrich Marx and Friedrich Engels is a book where, for the first time, the aims, tasks and methods of fight of the emerging communist organisations and parties of the nineteenth century were declared and explained. It is the greatest philosophic and political treatise that is important in some way even nowadays. According to experts, Manifesto is a powerful work that still can be used as a good method to mobilize people. In addition, the work of Marx and Engels will not leave anyone indifferent. Historians noted that this book had been ahead of time. Manifesto definitely opened the eyes and minds of workers and socialists all over the world.
