It's a cold, snowy December in the upstate
New York town of Millers Kill, and newly
ordained Clare Fergusson is on thin ice as
the first female priest of its small Episcopal
church. The ancient regime running the
parish covertly demands that she prove

herself as a leader. However, her blunt
manner, honed by years as an army pilot, is
meeting with a chilly reception from some
members of her congregation and Chief of
Police Russ Van Alosty, in particular,
doesn't know what to make of her, or how to
address "a lady priest" for that matter. The
last thing she needs is trouble, but that is
exactly what she finds. When a newborn
baby is abandoned on the church stairs and a
young mother is brutally murdered, Clare
has to pick her way through the secrets and
silence that shadow that town like the ever-
present Adirondack mountains. As the days
dwindle down and the attraction between the
avowed priest and the married police chief
grows, Clare will need all her faith, tenacity,
and courage to stand fast against a killer's

icy heart. In the Bleak Midwinter is one of the most outstanding Malice Domestic winners the contest has seen. The compelling atmosphere-the kind of very cold and snowy winter that is typical of upstate New York-will make you reach for another sweater. The characters are fully and believably drawn and you will feel like they are your old friends and find yourself rooting for them every step of the way.

B is for Burglar, from Sue Grafton's #1 New York Times bestselling Kinsey Millhone Alphabet mystery series Beverly Danziger looked like an expensive, carefully wrapped package from a good but conservative shop. Only her compulsive chatter hinted at the nervousness beneath her cool surface. It

was a nervousness out of all proportion to the problem she placed before Kinsey Millhone. There was an absent sister. A will to be settled--a matter of only a few thousand dollars. Mrs. Danziger did not look as if she needed a few thousand dollars. And she didn't seem like someone longing for a family reunion. Still, business was slow, and even a private investigator has bills to pay. Millhone took the job. It looked routine. Elaine Boldt's wrappings were a good deal flashier than her sister's, but they signaled the same thing: The lady had money. A rich widow in her early forties, she owned a condo in Boca Raton and another in Santa Teresa. According to the manager of the California building, she was last seen draped in her \$12,000 lynx coat heading for Boca Raton. According to the manager of the Florida building, she never got there. But someone else had and

she was camping out illegally in Mrs. Boldt's apartment. The job was beginning to seem a bit less routine. It turned tricky when Beverly Danziger ordered Millhone to drop the case and it took on an ominous quality when Aubrey Danziger surfaced, making all kinds of wild accusations about his wife. But it only became sinister when Millhone learned that just days before Elaine Boldt went missing, her next-door neighbor and bridge partner had been murdered and the killer was still at large. A house destroyed by arson. A brutally murdered a woman. A missing lynx coat. An apartment burgled of valueless papers, another ransacked in a melée of mindless destruction. And more murder. As Millhone digs deeper into the case, she finds herself in a nightmarish hall of mirrors in which reality is distorted by illusion and nothing--except danger--is

quite what it seems. J is for Jaffe: Wendell Jaffe, dead these past five years. Or so it seemed until his former insurance agent spotted him in the bar of a dusty little resort halfway

between Cabo San Lucas and La Paz. In truth, the facts about Wendell Jaffe had nothing to do with my family history, but murder is seldom tidy and no one ever said revelations operate in a straight line. It was my investigation into the dead man's past that triggered the inquiry into my own, and in the end the two stories became difficult to separate. Five years ago, when thirty-five-foot was found drifting off the Baja coast, it seemed a sure thing he'd gone overboard. The note he left behind

he was flat broke, his business bankrupt, his real estate gambit nothing but a huge Ponzi scheme about to collapse, with criminal indictments certain to follow. When the authorities soon after descended on his banks and his books, there was nothing left: Jaffe had stripped the lot. Given my insatiable curiosity and my natural inclination to poke my nose in where it doesn't belong, it was odd to realize how little attention I'd paid to my own past. I'd simply accepted what I was told,

constructing my personal mythology on the flimsiest of facts. But Jaffe wasn't quite without assets. There was the \$500,000 life insurance policy made out to his wife and underwritten by California Fidelity. With no corpse to prove death, however, the insurance company was in no hurry to pay the claim. Dana Jaffe had to wait out the statutory five years until her missing husband could be declared legally dead. Just two months before Wendell Jaffe was sighted in that dusty resort bar, California Fidelity finally paid in full. Now they wanted the truth. And they were willing to hire Kinsey Millhone to dig it up. As Kinsey pushes deeper into the mystery surrounding Wendell Jaffe's pseudocide, she explores her own past, discovering that in family matters as in crime, sometimes it's better to reserve judgment.

Her father wants to be sure Reba stays straight, stays home and away from the drugs, the booze, and the gamblers... 'This book taught me so much about female desire. A must read!' Cherry Healey Did you know that there is an orgasm gap of around 30% between heterosexual couples when they have sex? In Mind The Gap, Dr Karen Gurney, a clinical psychologist and certified psychosexologist, explores not just this gap, but the gaps in our knowledge of so much of the most important new science around sex and desire. In this book, you will learn that nearly everything that you've been led to believe about female sexuality isn't actually true. And that, despite what you might think, it is possible to simultaneously feel little to no spontaneous desire and have a happy and mutually satisfying sex life long term. Exploring the mismatch between ideas about sex in our society and what the science tells us, Mind The Gap also explains how this disconnect lies at the root of many of

our sexual problems. Combining science with case studies, practical exercises and tips, this is a book for anyone who wants to better understand the mechanics of desire and futureproof their sex life, for life.

Lorna Kepler was beautiful and willful, a loner who couldn't resist flirting with danger. Maybe that's what killed her. Her death had raised a host of tough questions. The cops suspected homicide, but they could find neither motive nor suspect. Even the means were mysterious: Lorna's body was so badly decomposed when it was discovered that they couldn't be certain she hadn't died of natural causes. In the way of overworked cops everywhere, the case was gradually shifted to the back burner and became another unsolved file. Only Lorna's mother kept it alive, consumed by the certainty that somebody out there had gotten away with murder. In the ten months since her daughter's death,

Janice Kepler had joined a support group, trying to come to terms with her loss and her anger. It wasn't helping. And so, leaving a session one evening and noticing a light on in the offices of Millhone Investigations, she knocked on the door. In answering that knock, Kinsey Millhone is pulled into the netherworld of unavenged murder, where only a pact with the devil will satisfy the restless ghosts of the victims and give release to the living they have left behind. Eleven books into the series that has won her readers around the world, Sue Grafton takes a darkside turn, pitching us into a shadow land of pain and grief where killers still walk free, unaccused, unpunished, unrepentant. Sexual Behavior in the Human Female Penguin

Sue Grafton's #1 New York Times bestselling series, reissued for a whole new generation of readers! D IS FOR DEADBEAT He called himself Alvin Limardo, and the job he had for Kinsey was cut-and-dried: locate a kid who'd done him a favor and pass on a check for \$25,000. It was only later, after he'd stiffed her for her retainer, that Kinsey found out his name was Daggett. John Daggett. Ex-con. Inveterate liar. Chronic drunk. And dead. The cops called it an accident--death by drowning. Kinsey wasn't so sure. Pulled into the detritus of a dead man's life, Kinsey soon realizes that Daggett had an awful lot of enemies. There's the daughter who grew up with a cheating drunk for a father,

and the wife who's become a religious nut in response to an intolerable marriage. There's the lady who thought she was Mrs. Daggett--and has the bruises to prove it--only to discover the legal Mrs. D. And there are the drug dealers out \$25,000. But most of all, there are the families of the five people John Daggett killed, victims of his wild, drunken driving. The D.A. called it vehicular manslaughter and put him away for two years. The families called it murder and had very good reason to want John Daggett dead. Deft, cunning, and clever, this latest Millhone mystery also confronts some messy truths, for, as Kinsey herself says, "Some debts of the human soul are so enormous only life itself is sufficient forfeit"--but as she'd be the first to admit, murder is not a socially acceptable solution. I suddenly realised how happy I was. I was female, single, with money in my pocket . . . I had nobody to answer to and no ties to speak of. As usual I ' d forgotten how surges of goodwill merely presage bad news. After a three-week-long investigation, Kinsey couldn ' t wait to get home. What she needed most was a few quiet days by herself – but two things happened to change all her plans. First she ran into a murder case. Then Kinsey met Bibianna Diaz, and before the night was over they were sharing a prison cell . . .

Sue Grafton takes the mystery genre to new heights with this twisting, complex #1 New York Times bestseller that draws private investigator Kinsey Millhone into a case

shrouded in the sins of the past. Looking solemn, Michael Sutton arrives in Kinsey Millhone's office with a story to tell. When he was six, he says, he wandered into the woods and saw two men digging a hole. They claimed they were pirates, looking for buried treasure. Now, all these years later, the long-forgotten events have come back to him—and he has pieced them together with news reports from the time, becoming convinced that he witnesses the burial of a kidnapped child. Kinsey has nearly nothing to go on. Sutton doesn't even know where he was that day—and, she soon discovers, he has a history of what might generously be called an active imagination. Despite her doubts, Kinsey sets out to track down the so-called burial site. And what's found there pulls her into a hidden current of deceit stretching back more than twenty years...
