No Man's Island Rowman & Littlefield

His songs were better when he had a broken heart. That sentence would change my life after my dream job was dished to me on a shiny, silver platter. All I had to do? Hurt Nash Pierce enough to get him writing good music again. The pop icon's songs were no longer the phenomena they used to be. His team needed another breakthrough album--like the first he'd penned, using his heartbreak as fuel. The plan was simple: I'd go on tour with him as a backup dancer...and make him fall in love with me. I was hired to inspire--to become embedded into every lyric he wrote. Then, I was to set fire to it all--to destroy every feeling we hoped he'd develop for me. It seemed simple enough. Easy, even. I didn't expect to be consumed myself--to see so much in the man displayed in the tabloids. I didn't foresee falling for him. It didn't occur to me that, while attempting to break his heart, I might just shatter my own. Most of all, I never thought I'd fight so hard to hold on to a relationship that had always been founded on goodbye.

Financial Trading and Investing Springer Science & Business Media

For over 40 years, Warship has been the leading annual resource on the design, development, and deployment of the world's combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, warship notes, an image gallery, and much more, maintaining the impressive standards of scholarship and research with which Warship has become synonymous. In the 2019 edition of this celebrated title, articles include Hans Lengerer's exploration of the genesis of the Six-Six Fleet, Michele Cosentino's look at Project 1030, Italy's attempt to create a torpedo-armed attack and ballistic missile submarines, and A D Baker III's drawing feature on the USS Lebanon. Detailed and accurate information is the keynote of all the articles, which are fully supported by plans, data tables and stunning photographs.

Expert review by the professionals at Deloitte Touche Tohmatsu clarifies the practical implications of all recent changes in the light of the underlying law. For more than twenty years the Hong Kong Master Tax Guide has served the information and guidance needs of everyone doing business in Hong Kong. It has proven itself over the years to be of inestimable value to practitioners, other tax professionals and students. The 2012/13 Hong Kong Master Tax Guide is published by CCH, the world's leading publisher of guides to tax regimes including the US, UK, China, Canada, Australia, Singapore, Macao and Malaysia. **How To Read a Nautical Chart: A Captain's Quick Guide** Bloomsbury Publishing

Abandoned by a rogue Betrothed to an earl she had never met, Charlotte Haversham arrived at Balfurin, hoping to find love at the legendary Scottish castle. Instead she found decaying towers and no husband among the ruins. So Charlotte worked a miracle, transforming the rotting fortress into a prestigious girls' school. And now, five years later, her life is filled with purpose—until . . . Seduced by a stranger A man storms Charlotte's castle—and he is not the reprehensible Earl of Marne, the one who stole her dowry and dignity, but rather the absent lord's handsome, worldly cousin Dixon MacKinnon. Mesmerized by the fiery Charlotte, Dixon is reluctant to correct her mistake. And though she's determined not to play the fool again, Charlotte finds herself strangely thrilled by the scoundrel's amorous attentions. But a dangerous intrigue has drawn Dixon to Balfurin. And if his ruse is prematurely revealed, a passionate, blossoming love affair could crumble into ruin.

The Queen's Own Fool Entangled Publishing

“ The stories are skillfully told and entirely entertaining . . . An expert, mostly feel-good book about modern medicine ” from the award-winning author (Kirkus Reviews, starred review). Behind every landmark drug is a story. It could be an oddball researcher ' s genius insight, a catalyzing moment in geopolitical history, a new breakthrough technology, or an unexpected but welcome side effect discovered during clinical trials. Piece together these stories, as Thomas Hager does in this remarkable,

century-spanning history, and you can trace the evolution of our culture and the practice of medicine. Beginning with opium, the “joy plant,” which has been used for 10,000 years, Hager tells a captivating story of medicine. His subjects include the largely forgotten female pioneer who introduced smallpox inoculation to Britain, the infamous knockout drops, the first antibiotic, which saved countless lives, the first antipsychotic, which helped empty public mental hospitals, Viagra, statins, and the new frontier of monoclonal antibodies. This is a deep, wide-ranging, and wildly entertaining book. “[An] absorbing new book.” —The New York Times Book Review “[A] well-written and engaging chronicle.” —The Wall Street Journal “Lucidly informative and compulsively readable.” —Publishers Weekly “Entertaining [and] insightful.” —Booklist “Well-written, well-researched and fascinating to read Ten Drugs provides an insightful look at how drugs have shaped modern medical practices. Towards the end of the book Hager writes that he ‘came away surprised by some of the things he had learned.’ I had the very same reaction.” —Penny Le Couteur, coauthor of *Napoleon’s Buttons: How 17 Molecules Changed History* [Horizons in Neuropsychopharmacology](#) Turtleback Books America Now makes it easy for you to bring brief, thought-provoking essays on contemporary topics into your classroom, with reliable pedagogy and an expert reader's knowledge of what works for students. As series editor for *The Best American Essays*, Robert Atwan constantly scours a wide range of publications, bringing to America Now an unrivaled focus on today's best writing. Instructors tell us that their students want to respond to the essays in the book, and they praise the high-quality reading and writing instruction, critical thinking and reading questions, and model student essays that help them do so. Over half of the readings in America Now are new to this edition and published since 2018, making it truly a book for today's composition course.

"It's rad what I do." -Mike Blabac *Blabac Photo: The Art of Skateboarding Photography* is an stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man who is as dedicated to his craft as he is to the skateboarding lifestyle that inspired it. For millions of people around the world, skateboarding is more than a mere hobby or a sport—it's a way of life that has shaped everything from fashion and music, to videogames and art. *Blabac Photo* proves that point with 300 awe-inspiring images that communicate the stories and exploits of some of the most creative athletes to ever step on a skateboard including Eric Koston, Stevie Williams, Colin McKay, Rob Dyrdek, and Danny Way. As skateboarding evolved over time, from a hobby for kids on the Venice boardwalk into a global culture, skate legends were born, records were broken, titans of industry materialized—and Mike Blabac was there to document the history of the movement as it developed before his eyes.

Financial Trading and Investing, Second Edition, delivers the most current information on trading and market microstructure for undergraduate and master's students. Without demanding a background in econometrics, it explores alternative markets and highlights recent regulatory developments, implementations, institutions and debates. New explanations of controversial trading tactics (and blunders), such as high-frequency trading, dark liquidity pools, fat fingers, insider trading, and flash orders emphasize links between the history of financial regulation and events in financial markets. New sections on valuation and hedging techniques, particularly with respect to fixed income and derivatives markets, accompany updated regulatory information. In addition, new case studies and additional exercises are included on a website that has been revised, expanded and updated. Combining theory and application, the book provides the only up-to-date, practical beginner's introduction to today's investment tools and markets. Concentrates on trading, trading institutions, markets and the institutions that facilitate and regulate trading activities. Introduces foundational topics relating to trading and securities markets, including auctions, market microstructure, the roles of information and inventories, behavioral finance, market efficiency, risk, arbitrage, trading technology, trading regulation and ECNs. Covers market and technology advances and innovations, such as execution algo trading, Designated Market Makers (DMMs), Supplemental Liquidity Providers (SLPs), and the Super Display Book system (SDBK)

Fashion designer Zac Posen takes you on a culinary journey through his life with 100 recipes every bit as decadent and inspiring as his designs. Since he was a child, world-renowned fashion designer Zac Posen has been cultivating his passion for cooking. For Zac, cooking and fashion are both sensory experiences. Whether you're planning a meal or a fashion line, the goal is to create a masterpiece. In *Cooking with Zac*, Posen shares a curated collection of his favorite recipes, gathered throughout his extraordinary life—from longstanding family favorites to flavors he has discovered while traveling the globe. When it comes to creating meals, Zac believes in a balance between healthy, fresh, local ingredients and exotic international dishes. In the same way that he breaks down barriers on the runway, he's not afraid of taking risks in the kitchen: recipes range from delicate summer corn salads to beer can chicken to savory dashi-glazed lotus root. So put on your most stylish apron, and get cooking with Zac!

Blood Memory Elsevier

Kissing Architecture explores the mutual attraction between architecture and other forms of contemporary art. In this fresh, insightful, and beautifully illustrated book, renowned architectural critic and scholar Sylvia Lavin develops the concept of "kissing" to describe the growing intimacy between architecture and new types of art—particularly multimedia installations that take place in and on the surfaces of buildings—and to capture the sensual charge that is being designed and built into architectural surfaces and interior spaces today. Initiating readers into the guilty pleasures of

architecture that abandons the narrow focus on function, Lavin looks at recent work by Pipilotti Rist, Doug Aitken, the firm Diller Scofidio + Renfro, and others who choose instead to embrace the viewer in powerful affects and visual and sensory atmospheres. *Kissing Architecture* is the first book in a cutting-edge new series of short, focused arguments written by leading critics, historians, theorists, and practitioners from the world of urban development and contemporary architecture and design. These books are intended to spark vigorous debate. They stake out the positions that will help shape the architecture and urbanism of tomorrow. Addressing one of the most spectacular and significant developments in the current cultural scene, *Kissing Architecture* is an entertainingly irreverent and disarmingly incisive book that offers an entirely new way of seeing--and experiencing--architecture in the age after representation.

(Book). Packed with music, charts and photos, this easy-to-use guidebook provides lessons for playing electric and acoustic guitar by some of the guitar world's top teachers pros like Arlen Roth, Rick Gartner, Happy Traum, and Dan Crary. Topics range from the basics to "getting serious," and include: reading music, fretboard positioning, chords, strumming, bass runs, flatpicker's rhythm licks, fingerpicking, playing the blues, barre chords and their variations, techniques for practicing based on listening, and more. The companion CD contains 12 lessons in the book, from stringing and tuning the guitar to playing the blues scale in all positions and keys.

America Now Wizards of the Coast

In this anthology of weird fiction, twenty-two authors share their harrowing visions of worlds shaped by the Yellow Sign, in stories and poems inspired by Robert W. Chambers's foundational works of weird horror. From the personal to the historic, from the macabre to the fantastic, the stories and poems gathered here illuminate new, unexpected realities shaped by the King in Yellow, under the sway of the Yellow Sign, or in the grip of madnesses inspired by their power. Authors included: Marc Abbott - Linda D. Addison - Meghan Arcuri - Greg Chapman - JG Faherty - Trevor Firetog - Patrick Freivald - Carol Gyzander - Todd Keisling - John Langan - Curtis Lawson - Adrian Ludens - Lisa Morton - Joseph S. Pulver, Sr. - Sarah Read - Kathleen Scheiner - Ann K. Schwader - Darrell Schweitzer - J. Daniel Stone - Steven Van Patten - Tim Waggoner - Kaaron Warren Robert W. Chambers's

classic work of weird fiction, *The King in Yellow* (1895), contained two stories that have exercised wide influence in the genre. "The Repairer of Reputations" introduced the world to *The King in Yellow*, a play in two acts, banned for its reputed power to drive mad anyone who reads its complete text. Another story, "The Yellow Sign," used the experiences of an artist and his model to elaborate on the mythos of the Yellow King, the Yellow Sign, and their danger to all who encounter them. In those tales Chambers crafted fascinating glimpses of a cosmos populated by conspiracies, government-sanctioned suicide chambers, haunted artists, premonitions of death, unreliable narrators—and dark, enigmatic occurrences tainted by the alien world of Carcosa, where the King rules in his tattered yellow mantle. In Carcosa, black stars rise and Cassilda and Camilla speak and sing. In Carcosa, eyes peer from within pallid masks to gaze across Lake Hali at the setting of twin suns.

The Everest Story Routledge

A magical and emotionally powerful novel from the Sunday Times bestselling author Susan Sallis, perfect for fans of Maeve Binchy, Fiona Valpy and Rosamunde Pilcher. READERS ARE LOVING NO MAN'S ISLAND, THE SUNDAY TIMES BESTSELLER!
