It is often said that the real work starts after the trigger has been squeezed. This book looks at all aspects of the pursuit, with clear explanations accompanied by advice, images and anecdotes. In addition, there is a unique reference chapter of all potential conditions a deer may suffer from, with full descriptions and images, and advice on suitability for entering the food chain. When the body of twenty-year-old Julie Cooper is found - her pockets stuffed full of wilting flowers - in an iron-age hill fort on the edge of the fens, Detective Tara Thorpe and her team are called in to investigate. The evidence points to an illicit affair gone wrong... but is there more to the story? As always at the Cambridge Constabulary, the case turns personal. Then Tara makes a startling breakthrough when she finds an unsettling family heirloom hidden in the late victim's bedroom - a golden statue of a sinister-looking cat with emerald eyes. In this “miraculous and thrilling” (Diane Setterfield, #1 New York Times bestselling author) mystery for fans of The Essex Serpent and The Book of Speculation, Victorian London comes to life as an intrepid female sleuth wades through a murky world of collectors and criminals to recover a remarkable child. Bridie Devine—flame-haired, pipe-smoking detective extraordinaire—is confronted with the most baffling puzzle yet: the kidnapping of Christabel Berwick, secret daughter of Sir Edmund Athelstan Berwick, and a peculiar child whose reputed supernatural powers have captured the unwanted attention of collectors in this age of discovery. Winding her way through the sooty streets of Victorian London, Bridie won’t rest until she finds the young girl, even if it means unearthing secrets about her past that she’d rather keep buried. Luckily, her search is aided by an enchanting cast of characters, including a seven-foot-tall housemaid; a melancholic, tattoo-covered ghost; and an avuncular apothecary. But secrets abound in this foggy underworld where nothing is quite what it seems. Blending darkness and light, Things in Jars is a stunning, “richly woven tapestry of fantasy, folklore, and history” (Booklist, starred review) that explores what it means to be human in inhumane times.

A small religious community is living in what were once the fens of eastern England. They are perhaps the world's last human survivors. Now, they find themselves stalked by a force that draws ever closer, a force intent on destroying everything they stand for. Set on the far side of the ecological apocalypse, Paul Kingsnorth's new novel is a mythical, polyphonic drama driven by elemental themes: of community versus the self, the mind versus the body, machine versus man - of whether to put your faith in the present or the future. Alexandria completes the Buckmaster Trilogy, which began with Kingsnorth's prize-winning The Wake.

Things in Jars Joffe Books

The notions of other peoples, cultures, and natural conditions have always been determined by the epistemology of imagination and fantasy, providing much freedom and creativity, and yet have also created much fear, anxiety, and horror. In this regard, the pre-modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees, but they are fundamentally the same by content. Dreams, illusions, projections, concepts, hopes, utopias/dystopias, desires, and emotional attachments are as specific and impactful as the physical environment. This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions, images, and notions. Previous scholarship focused heavily on the history of mentality and history of emotions, whereas here the history of pre-modern imagination, and fantasy assumes center position. Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives. This approach facilitates a new deep-structure analysis of pre-modern culture.
