For courses in Introductory Statistics. Helping today's students think statistically Fundamentals of Statistics is the brief version of Statistics: Informed Decisions Using Data. With Fundamentals of Statistics, author and instructor Mike Sullivan III draws on his passion for statistics and teaching to

provide the tools needed to see that statistics is connected, not only within individual concepts, but also in the world at large. As a current introductory statistics instructor, Mike Sullivan pulls ideas and strategies used in his classroom into more than 350 new and updated exercises, over 100 new and updated examples, new Retain Your Knowledge problems, and Big Data problems. This practical text takes advantage of the latest statistical software, enabling you to focus on building conceptual understanding rather than memorizing formulas. All resources, including the Student Activity Workbook and Author in the Classroom videos were created for Mike's classroom to help you succeed and stay engaged. Note: You are purchasing a standalone product; MyLab™ & Mastering™ does not come packaged with this content. Statistics Prentice Hall

As authors and professors, Mike Sullivan and George Woodbury are well aware of the challenges facing students in the introductory statistics course. Recognizing that students need to be more informed interpreters of data, they developed Interactive Statistics: Informed Decisions Using Data. Written entirely within MyStatLab(tm), Interactive Statistics engages students by combining text, videos, tutorials, and assessment into one seamless learning experience. Through a series of Interactive Assignments, students are encouraged to experience the material in new, dynamic, and engaging ways. Each assignment guides students through text and multimedia content that helps students develop strong conceptual connections and better retain knowledge. NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. Note: this package contains the access kit for MyStatLab plus the Guided Notebook. The Guided Notebook is an interactive, student workbook that leads students through the course. It provides structure for recording key information from the course, and helps students take good notes for review. This printed resource is available in a three-hole-punched, unbound format to provide the foundation for a personalized course notebook. Students can integrate their class notes and homework notes within the appropriate section of the Guided Notebook.
