Saab Denso Navigation

System Manual

I have a 2005 SAAB 9-5

with the Denso Navigation.

The Maps on the DVD was

from 2004 and outdated. I

got hold of a set of the

2013-14 Europe DVDs with

the firmware update. A soon

as I inserted the The DVD

with the new firmware, it

installed correctly, and the

Denso unit works perfectly

Navigation DVD - new version

on older Denso units I was trying

to find out if a newer version of

the DVD would work with older

units in the Saab 9-5. It appears

the nav unit hasn't changed from

MY 2005 through 2009 so my

best guess was a newer disk

would work fine.
