The 1960s and early 1970s were the age of raw American automotive power. Whether it was a classic Hemi 'Cuda, Pontiac GTO, Charger,

or Boss Mustang, big engines were king at local drag strips and cruises. Muscle Cars explores this era and the current models with a broad survey of classic muscle and today's new machines. Each chapter is organized around a theme (milestones, factory racers, etc), each model getting a multi-page spread of full-color photography, performance stats, trivia, and more. Photos and stories from the people who built and raced these amazing

machines make the book a must-read for any fan of American muscle.

In this sweeping and dramatic narrative, Alex Ross, music critic for The New Yorker, weaves together the histories of the twentieth century and its music, from Vienna before the First World War to Paris in the twenties; from Hitler's Germany and Stalin's Russia to downtown New York in

the sixties and seventies up to the present. Taking readers into the labyrinth of modern style, Ross draws revelatory connections between the century's most influential composers and the wider culture. *The Rest Is Noise* is an astonishing history of the twentieth century as told through its music.

The time when the intellectual affairs of America could be conducted

on a monolingual basis is over. It has been irksome for long. The intellectual life of London is dependent on people who understand the French language about as well as their own. America's part in contemporary culture is based chiefly upon two men familiar with Paris: Whistler and Henry James. It is

something in the nature of a national disgrace that a New Zealand paper, "The Triad," should be more alert to, and have better regular criticism of, contemporary French publications than any American periodical has yet had. I had wished to give but a brief anthology of French poems, interposing no comment of my

Our Word is Our Weapon

William Morrow

Paperbacks

The bestselling final novel by a writer of incomparable range, power, and achievement, a three-time winner of the National Book Award. Peter Matthiessen was a literary legend, the author of more than thirty acclaimed books. In this, his final novel, he confronts the legacy of evil, and our unquenchable desire to wrest good from it.

One week in late autumn of 1996, a group gathers at the site of a former death camp. They offer prayer at the crematoria and meditate in all weathers on the selection platform. They eat and sleep in the sparse quarters of the Nazi officers who, half a century before, sent more than a million Jews in this camp to their deaths. Clements Olin has joined them, in order to complete his research on the strange suicide of a survivor.

As the days pass, tensions both political and personal surface among the participants, stripping away any easy pretense to resolution or healing. Caught in the grip of emotions and impulses of bewildering intensity, Olin is forced to abandon his observer's role and to bear witness, not only to his family's ambiguous history but to his own. Profoundly thought-provoking, *In Paradise* is a fitting coda to the luminous career of a writer who was "for

all readers. He was for work with the the world" (National Geographic). U of Minnesota Press DigiCat Publishing presents to you this special edition of "Exit Laughing" by Irvin Cobb. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. This story speaks to
children who have
autism, and explains
to them what it means
in a way that leaves
them feeling empowered
and able to make their
dreams come true. The

story refers to sensory
issues as "special
powers" and explains
how living with autism
can be awesome and at
the same time also feel
tricky sometimes. The
Superhero Brain is
written by a mother to
her autistic son. The
story was initially
only intended to be for
her son, to help him
better understand
himself, but has since
turned in to a book
available for everyone
to share with their
children. To help your
child relate to the
message in this story,

the book is available with a number of different characters. The book is part of a series, and if your family is living with autism, you may also want to take a look at Christel Land's other title "The Superhero Heart", which explains living with autism to brothers and sisters in the same empowering, magical way.

demonstrates in this

book that although the impact of African-American music and dance in France was constant from 1900 to 1930, it was not unchanging. This was due in part to the stylistic development and diversity of African-American music and dance, from the prewar cakewalk and ragtime to the postwar Charleston and jazz. Successive groups of modernists, beginning with the Matisse and Picasso circle in the 1900s and concluding with the Surrealists

and Purists in the 1920s, constructed different versions of la musique and la danse negre. Manifested in creative and critical works, these responses to African-American music and dance reflected the modernists' varying artistic agendas and historical climates. A fictional novel that focuses upon the turbulent life and times of one of the

founders of the Impressionist movement: Berthe Morisot. This novel was awarded a first prize in historical fiction from the Chanticleer Reviews writing contest. *Signed, Malraux* ABRAMS In this thoroughly innovative work, Hans Ulrich Gumbrecht evokes the year 1926 through explorations of such things as bars, boxing, movie palaces, hunger artists, airplanes, hair gel,

bullfighting, film stardom and dance crazes. From the vantage points of Berlin, Buenos Aires, and New York, the reader is allowed multiple itineraries, ultimately becoming immersed in the activities, entertainments, and thought patterns of the citizens of 1926.
