The stories in this book are drawn from the dozens that Douglas-Klotz has enjoyed telling in his seminars over the past 20 years. Most of them appear in works of the classical Sufis, such as Rumi, Attar, or S ' adi. To preserve some of the in-person

feeling and bring the language up to date, he has given them his own improvised turns. " If you want to hear a good story but prefer to read it instead, then read Douglas-Klotz! He writes as if he ' s sitting in your living room, invited over for afternoon tea to entertain you with some heart-pleasing, often humorous, yet soul-searching Sufi stories. His modernization of these old texts is gentle and mindful, yet unapologetic. " —Maryam Mafi from the Foreword

Father Martin reminds us that happiness is the good God ' s own goal for us. " —Timothy M. Dolan, Archbishop of New York From The Colbert Report ' s " official chaplain " James Martin, SJ, author of the New York Times bestselling The Jesuit Guide to (Almost) Everything, comes a revolutionary look at how joy, humor, and laughter can change our lives and save our spirits. A Jesuit priest with a busy media ministry, Martin understands the intersections between spirituality and daily life. In Between Heaven and Mirth, he uses scriptural passages, the lives of

the saints, the spiritual teachings of other traditions, and his own personal reflections to show us why joy is the inevitable result of faith, because a healthy spirituality and a healthy sense of humor go hand-in-hand with God's great plan for humankind.

Sufi Meditation and Contemplation offers fresh translations of three classic Sufi texts from Mughal India: The Alms Bowl of Shaykh Kalimullah Shajehanabadi, The Compass of Truth by Dara Shikoh, and the

Treatise on the Human Body attributed to Mu'in al-Din Chishti. These texts elucidate meditation practices and the resulting effects. All three come from the Mughal era in India, which witnessed a flowering of Sufism in innovative personalities, diverse mystical orders and bold literary expressions. "Meditation is the way to instill the values in the heart, to such a depth that the heart itself is transformed. The heart then is not merely an organ in the body, and is not just one's own personal center; when properly activated through meditation, the heart opens up to reveal the very presence of God with one and with all. To find this state of loving intimacy is the

advice of the Qur'an when it says, "So remember me, that I may remember you." And according to Sufi teachings, to meditate and contemplate is the way to draw God down to you and to allow yourself to be lifted up toward God." - from the foreword by Scott Kugle

The tenets of Islam cannot be grasped without a proper understanding of the Qur'an. In this important new introduction, Muhammad Haleem examines its recurrent themes - life and eternity, marriage and divorce, peace and war, water and nourishment - and for the first time sets these in the context of the Qur'an's linguistic style. Professor Haleem examines the

background to the development of the surahs (chapters) and the ayahs (verses) and the construction of the Qur'an itself. He shows that popular conceptions of Islamic attitudes to women, marriage and divorce, war and society, differ radically from the true teachings of the Qur'an.

The Lost Words of the Sufi Master and Father of Rumi
Bahauddin, Rumi's father, was not only a major force in the development of Islamic spirituality,

but also a deeply influential force in his son's life. In this, the first ever substantial English version of a wonderful but virtually unknown book, Bahauddin proves to be a daring, spiritual genius. His voice comes through the delightful, passionate craft of Coleman Barks, who transforms the Persian translations of John Moyne into fresh spiritual literature.

What We Found at the Heart of Interfaith Farrar, Straus and Giroux
Robert Rozeznal traces the ritual practices and identity politics of

a contemporary Sufi order in Pakistan: the Chishti Sabris. He takes multiple perspectives from the rich Urdu writings of Twentieth Century Sufi masters, to the complex spiritual life of contemporary disciples and the order's growing transnational networks.

Finding Peace Through Spiritual Practice Harper Collins
 Pastor Don Mackenzie, Rabbi Ted Falcon and Imam Jamal Rahman, who have become known as the Interfaith Amigos, look at the specific issues we face in a pluralistic

society and the spiritual practices that can help us transcend those roadblocks to effective collaboration on the critical issues of our time.

Religion Gone Astray Jaico Publishing House
 The world, contrary to popular understanding, is not less religious but in many ways more religious than ever. Two issues seem to be emerging in this resurgence. One is the need for a spiritual center that gives integration, a sense of inner peace, ethical guidance, and meaning and

direction in life. It is present in most of the world's great religious traditions and present elsewhere as humans seek to find their way in a confusing, conflicted, and rapidly changing world.

Accompanying this quest for a deeper spirituality is the "God question" and a desire to understand the divine in new ways that match a contemporary worldview. This book, *Mindful Spirituality*, invites the reader to find a thoughtful, credible, and

satisfying way to address these two major concerns. While starting within a Christian frame of reference, the book is not exclusive, but ecumenical and interfaith in spirit. It is especially helpful to those with no set spiritual pathway and those disenchanted with traditional approaches that seem out of date and for another era. In a deep and sacred way, it invites the reader to reach upward for a thoughtful way of understanding transcendence, to

open inward for a mature and gratifying spirituality, and to expand outward in responsible and loving service.

<p>SkyLight Paths Publishing</p> <p>What religion does not serve as a theater of tears?</p> <p>Holy Tears addresses this all but universal phenomenon with passion and precision, ranging from Mycenaean Greece up through the tragedy of 9/11. Sixteen authors, including many leading voices in the study of religion, offer essays on specific topics in religious weeping while also considering broader issues such as gender, memory, physiology, and spontaneity. A comprehensive, elegantly written introduction offers</p>	<p>a key to these topics. Given the pervasiveness of its theme, it is remarkable that this book is the first of its kind--and it is long overdue. The essays ask such questions as: Is religious weeping primal or culturally constructed? Is it universal? Is it spontaneous? Does God ever cry? Is religious weeping altered by sexual or social roles? Is it, perhaps, at once scripted and spontaneous, private and communal? Is it, indeed, divine? The grief occasioned by 9/11 and violence in Afghanistan, Iraq, Israel, and elsewhere offers a</p>	<p>poignant context for this fascinating and richly detailed book. Holy Tears concludes with a compelling meditation on the theology of weeping that emerged from pastoral responses to 9/11, as described in the editors' interview with Reverend Betsee Parker, who became head chaplain for the Office of the Chief Medical Examiner of New York City and leader of the multifaith chaplaincy team at Ground Zero. The contributors are Diane Apostolos-Cappadona, Amy Bard, Herbert Bassier, Santha Bhattacharji,</p>
