[Road signs in South Africa - Wikipedia](#)

Road signs in South Africa are based on the SADC-RTSM, a document designed to harmonise traffic signs in member states of the Southern Africa Development Community. Most of these signs were in the preceding South African RTSM. A white background signifies the sign is permanent, while a yellow background signifies that the sign is temporary. Warning signs are an upwards-pointing red triangle and contain a black pictogram describing the danger or obstruction. Speed limit signs are a red circle with

The manual is mainly aimed at the traffic engineering profession

involved with traffic signals. Some aspects related to the civil,

electrical and electronic engineering fields are covered in the

manual, with mainly the intention of providing the traffic engineer

with an overview of the multi- disciplinary nature of traffic signals

as well as the tasks required to provide a complete traffic signal

installation.
