Math Makes Sense 7 Holt McDougal

These nationally acclaimed titles ensure students' academic success with teachers and parents. The key to the Master Skills series is reinforcing skills through practice; using a contemporary approach to learning fundamentals through real-life applications. The workbooks in this series are excellent tools to prepare young learners for proficiency testing and school success. Answer keys included.

Progress in Mathematics

Carson-Dellosa Publishing

If you were looking for a real ghetto dump, you couldn't beat The Stratford Arms. There was Askia Ben Kenobi throwing karate chops

upstairs, Petey Darden making booze downstairs, and Mrs. Brown grieving for Jack Johnson, who'd died for the third time in a month—and not a rent payer in the bunch. Still, when Paul Williams and the Action Group got the Arms for one dollar, they thought they had it made. But when their friend Chris was arrested for stealing stereos and Dean's dog started biting fire hydrants and Gloria started kissing, being a landlord turned out to be a lot more work than being a kid.

Spectrum Science is sure to captivate students' interest with a variety of fascinating science information! The lessons, perfect for students in grade 6, strengthen science skills by focusing on atomic structure, heredity, space technology, natural hazard
Science, Grade 6

Rigorous content aligns with California Standards in mathematics.

Progress in Mathematics

It's a good book. Offers pronunciation, definitions, synonyms, and antonyms, as well as good practice. Chances are there are at least some words you'll learn from the book, even if you do well on the diagnostic test but I still suggest that you take that test to see if you should get a higher level book.
