What's Inside Introduction

A Guide to Safer Roads 18 A Guide to Safer Roads 19 Most collisions are caused by the following, known as 'The Fatal Four'; 1 - Speed Here are some tips

to help stay within the speed limit:

Check your speedometer regularly, especially when leaving high speed roads. Know the limits - look for signs, especially at junctions.

**Guide to Road Design | Austroads**

The Austroads Guide to Road Design is intended to provide designers with a framework that promotes efficiency in design and construction, economy, and both consistency and safety for road users. The guide moves away from rigid design limits as the basis for achieving these goals, and promotes the concept of 'context-sensitive design'.
