There are plenty of
books about
astrology, and there
are plenty of books
about the Enneagram.
However, there is
very little known
about how both

astrology and the
Enneagram can be
tied together which
can provide extra
insight about why
people are the way
they are. It can show a
lot more about their
personalities than they
are aware of so they
can take the
opportunity to explore
who they are on a
deeper level. This can

provide the insight that many people need so they understand themselves better which can lead to healing and self-acceptance. There is nothing woo-woo about this book because Miriam doesn't go for woo-woo. Just down-to-earth spirituality.
