This eBook edition of
"The Waves & To the
Lighthouse" has been
formatted to the
highest digital
standards and adjusted
for readability on all
devices. "To the
Lighthouse" – The
Ramsey family arrives

to their summer house
in the Hebrides, on the
Isle of Skye in Scotland.
They plan to visit the
island's lighthouse one
day, but the weather
doesn't allow them and
that creates some
tension between family
members. As the
Ramsays have been
joined at the house by a
number of friends and
colleagues, the trip to
the lighthouse doesn't
happen. Passing of the
time brings death and
grief to the Ramsey

family, but the tension is
still there. "The Waves"
consists of soliloquies
spoken by six
characters: Bernard,
Susan, Rhoda, Neville,
Jinny, and Louis. Also
important is Percival,
the seventh character,
though we never hear
him speak in his own
voice. The soliloquies
that span the
characters' lives are
broken up by nine brief
third-person interludes
detailing a coastal scene
at varying stages in a

day from sunrise to sunset. As the six characters or "voices" speak Woolf explores concepts of individuality, self and community. Each character is distinct, yet together they compose a gestalt about a silent central consciousness.

This book presents the best contributions of the the Third

International Symposium on Solar Sailing Glasgow, 11 - 13 June 2013. It is a rapid snap-shot of the state-of-the art of solar sail technology in 2013 across the globe, capturing flight programs, technology development programs and new technology and application concepts. The book contains contributions from all of the leading figures in the field,

including NASA, JAXA, ESA & DLR as well as university and industry experts. It therefore provides a unique reference point for the solar sail technology. The book also includes key contributions from the prospective users of solar sail technology, which will allow the technology to be considered by the user in this unique context.

To the Lighthouse
is a 1927 novel by
Virginia Woolf. The
novel centres on
the Ramsay family
and their visits to
the Isle of Skye in
Scotland between
1910 and 1920.
Following and
extending the
tradition of
modernist novelists
like Marcel Proust

and James Joyce, the
plot of To the
Lighthouse is
secondary to its
philosophical
introspection.
Cited as a key
example of the
literary technique
of multiple
focalization, the
novel includes
little dialogue and
almost no direct
action; most of it
is written as
thoughts and
observations. The

novel recalls childhood emotions and highlights adult relationships. Among the book's many tropes and themes are those of loss, subjectivity, the nature of art and the problem of perception. In 1998, the Modern Library named To the Lighthouse No. 15 on its list of the 100 best English-language

novels of the 20th century. In 2005, the novel was chosen by TIME magazine as one of the one hundred best English-language novels since 1923.
