In this magnificent and stirring novel, Louis de Wohl turns his famed narrative skill to the story of the soldier and merchant's son who might have been right-hand man to a king ... and who became instead the most beloved of all saints. Set against the tempestuous background of 13th Century Italy and Egypt, here is the magnificent and inspiring story of Francis Bernardone, the brash, pleasure-loving young officer who was to become immortalized as St. Francis of Assisi. The story teems with action, pageantry and intrigue with finely conceived characters- the beautiful, saintly Clare, Frederick, the hawk-faced King of Sicily and Holy Roman Emperor, the Sultan Al Kamil, Pope Innocent III. The scene shifts from Assisi, Rome and Sicily to the deadly sands of Egypt. This book was made into a feature film by 20th Century Fox entitled Francis of Assisi, now available on video from Ignatius Press.

The Sacred Writings of St. Francis of Assisi Francis of Assisi - The Saint: Early Documents, vol. 1

Saint Francis is considered the first Italian poet by some literary critics. He believed commoners should be able to pray to God in their own language, and he often wrote in the dialect of Umbria instead of Latin. Francis' writing fully reflects his personality and spirituality, making them at once formidably mystic and exquisitely human. They combine great elevation of thought with much picturesqueness of expression. Through his prayers, correspondence and regulas readers will connect and unite with one of the most beloved saints of the Catholic Church.

All Christians know his name. Few truly know the man. Francis of Assisi was not even five feet tall. He was not well educated. And yet he is the one saint commonly recognized as Alter Christus, the “other Christ.” Francis is not just any saint—he’s a saint for everyone, whatever your place or position in life. But do we really know him? Who was this man at his core? What was it that thrust this little man from a little town to the heights of sanctity, into a place of high honor among the celestial court? In this riveting biography, author Bret Thoman accomplishes what few biographers have. He pierces the inner life of Francis, revealing his deepest passions, his unquenchable love for poverty, and his unshakable grip on the core of the Gospel. The life of Francis, so often festooned with spectacle and miracle, is in reality the story of a soul yearning for God in every moment and glimpsing His presence in all creation. If you want to see the hidden life of the greatest saint, if you want to hear his thoughts, if you want to feel the fervor that blazed within his soul, you must read *St. Francis of Assisi: Passion, Poverty, and the Man who Transformed the Catholic Church*.

Francis of Assisi is, after Mary of Nazareth, the greatest saint in the Christian calendar, and one of the most influential men in the whole of human history. By universal acclaim, this biography by G. K. Chesterton is considered the best appreciation of Francis's life--the one that gets to the heart of the

matter. For Chesterton, Francis is a great paradoxical figure, a man who loved women but vowed himself to chastity; an artist who loved the pleasures of the natural world as few have loved them, but vowed himself to the most austere poverty, stripping himself naked in the public square so all could see that he had renounced his worldly goods; a clown who stood on his head in order to see the world aright. Chesterton gives us Francis in his world--the riotously colorful world of the High Middle Ages, a world with more pageantry and romance than we have seen before or since. Here is the Francis who tried to end the Crusades by talking to the Saracens, and who interceded with the emperor on behalf of the birds. Here is the Francis who inspired a revolution in art that began with Giotto and a revolution in poetry that began with Dante. Here is the Francis who prayed and danced with pagan abandon, who talked to animals, who invented the creche.

The Complete Francis of Assisi Oxford University Press
G.K. Chesterton lends his witty, astute and sardonic prose to the much loved figure of Saint Francis of Assisi. Grounding the man behind the myth he states "however wild and romantic his gyrations might appear to many, [Francis] always hung on to reason by one invisible and indestructible hair.... The great saint was sane.... He was not a mere eccentric because he was always turning towards the center and heart of the maze; he took the queerest and most zigzag shortcuts through the wood, but he was always going home." A 2002 review in the Franciscan wrote that "his opinions shine from every page. The reader is rewarded with many fresh perspectives on Francis."
