Spiritual enlightenment is becoming a buzzword.

Enlightenment is a popular niche for people who write or read about self-help, meditation, healing,

psychology and more. But do you really understand what enlightenment is? Is it some kind of altered state of consciousness, a solution to get high without drugs, a way to live life in 24/7 bliss, a myth or a complete scam? Is there any scientific basis to enlightenment or spiritual awakenings? This book has the answer for these questions. This book attempts to bridge spiritual teachings of Vedanta and Buddhism with science. It gives you a practical and reasonable path to end your suffering and live a peaceful, satisfied and happy life. Above all, it will help you to find your own way and follow your own light. The book will also introduce you to some important concepts in psychology, which are related to spiritual awakening. The concepts and solution presented in this book are based on the author's own experience. It also has a chapter that narrates author's own spiritual journey which led to a complete spiritual transformation. The book also has a separate chapter which talks about scientific research done on spiritual enlightenment.

The Truth about Spiritual Enlightenment

Unstoppable is a word defined as "difficult or impossible to preclude or stop." As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or

person can become unstoppable.

Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success.

Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.
