Salamander is far from the best 40k novel out there. But it is no where near the worst either. Nick Kyme constructs a chapter of unique soldiers that stands out among many other books in the shared universe. But the story of the fire-born tends to wander.

review 1: I am going to go out on a limb and say that this being the first book about the Salamanders by an author in the black library bull pen who I had never heard of or had handled anything this huge was a big risk, but one I think paid off. I feel like Nick Kyme captured the Space Marine characters very well, and wrote them true to what I know of them.

*Rebirth (4) (Salamanders): Nick Kyme: 9781784962968 ...*

The Salamanders are a chapter steeped in mythos, and Kyme paints a nice portrait of the rituals and traditions of the Promethean Cult. Another staple of the Salamanders is juxtaposition of their appearance (demon-like) and their mission statement, as it were, as Space Marines (protect the innocent).

*Nick Kyme - Warhammer 40k - Lexicanum*

In Salamander, Nick Kyme delivers a book that is about as good as it gets. He rivals Abnett's superior works for the best among the Warhammer 40k library. Tracing the travails of the Salamander Space Marine Chapter as they seek retribution against a betrayer from their own ranks, Kyme focuses mainly on Da'kir, something of an outcast among his own kind due to his lowborn status.

Salamander, the latest effort by Nick Kyme (Assault on Black Reach, Heroes of the Space Marines), is one such novel and, thankfully, a worthy addition to the Black Library.

Centering on the Salamanders 3rd Company, Salamander is the first installment of the Tome of Fire trilogy that Kyme is writing and gives most of its focus to one Salamander, Sergeant Da'kir.

**Salamanders: The Omnibus by Nick Kyme**

This book book contains almost all of the Salamanders Series by Nick Kyme. It includes all but one of the short stories and three books that involve the 18th Legion set in the war hammer 40000 universe. It is a good bargain for those would did buy the for individual books ealier.

The first in a new trilogy from veteran Salamanders author Nick Kyme, available in trade paperback for the first time. Five years have passed since war came to Nocturne. While Third Company recovers its strength, the Salamanders of Fifth Company must now wage war.
