This Handbook is designed to help people dealing with civil lawsuits in federal court without legal representation. Proceeding without a lawyer is called proceeding "pro se", a Latin phrase meaning "for oneself," or sometimes "in propria persona," meaning "in his or her own person." Representing yourself in a lawsuit can be complicated, time consuming, and costly. Failing to follow court procedures can mean losing your case. For these reasons, you are urged to work with a lawyer if possible. Chapter 2 gives suggestions on finding a lawyer. Do not rely entirely on this Handbook. This Handbook provides a summary of civil lawsuit procedures, but it may not cover all procedures that may apply in your case. It also does not teach you about the laws that will control your case. Make sure you read the applicable federal and local court rules and do your own research at a law library or online to understand your case. The United States District Court for the Northern District of California has Clerk's Offices in the San Francisco, San Jose and Oakland courthouses. Clerk's Office staff can answer general questions, but they cannot give you any legal advice. For example, they cannot help you decide what to do in your lawsuit, tell you what the law means, or even advise you when documents are due. There are Legal Help Centers in the San Francisco, Oakland and San Jose courthouses where you can get free help with your lawsuit from an attorney who can help you prepare documents and give limited legal advice. This attorney will not be your lawyer and you will still be representing yourself. See Chapter 2 for more details.

Classic Books Library presents this brand new edition of "The Federalist Papers", a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion.

"The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyze the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755 – 1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.
