In today's turbulent and financially stressful times, public health managers need business planning skills. They need to become "civic entrepreneurs," who can creatively

finance and manage needed programs using business school savvy. Public Health Business Planning: A Practical Guide is based on the curriculum of the highly successful Management Academy for Public Health, offered by the Kenan-Flagler Business School and the School of Public Health at the University of North Carolina at Chapel Hill. A Lewin Group evaluation showed that teams of Management Academy graduates have generated millions of dollars in revenue for local agencies through implementing business plans. This book teaches what it means to use entrepreneurial strategies for social good, and key business planning skills such as: Assessment and strategic planning Program

planning, implementation, and evaluation Financial planning and budgeting Market research and social marketing Strategies for getting funded including business writing and speaking Project management and business plan execution strategies

Complete Book of Business Plans Cengage Learning

The success of any organization most often depends on the execution and management of such strategic issues as business development,

personnel and fiscal operations. This new book introduces readers to the duties and practices assigned to service managers in the successful operation of an automotive service facility. Coverage begins with a general discussion of the management structure and the service manager's role in facility operations. Consideration is then given to navigation of the personnel process from the recruitment of workers to supervision of their performance. The financial business practices of a service manager familiarizes readers with the importance of fiscal responsibility in the operation of a lucrative automotive service business.
