Over the past two decades, corporate criminal liability has developed into one of the fastest-growing and most dynamic areas of legal practice. The growth of corporate criminal enforcement has correlated with a broad shift in how the government investigates and resolves corporate criminal violations. As a result of these developments, the practice of investigating, prosecuting, and resolving corporate criminal cases has many significant differences from other areas of criminal or civil law. Notably, one of the most significant aspects that distinguishes corporate criminal practice is that much of it occurs outside of the formal judicial system; nearly all DOJ corporate criminal matters are resolved through negotiated settlements, and very few cases involve court proceedings or go to trial. As a result, many parts of this practice remain relatively unknown to students and practitioners. Until now. With the

publication of this book, authors Leo Tsao, Daniel Kahn, and Eugene Soltes, whose resumes collectively reflect the highest levels of practice and expertise in this field, open a window into all aspects of corporate criminal investigations and prosecutions. James W. Martin is a Florida Bar Board Certified Real Estate Lawyer and Adjunct Professor of Law at Stetson University College of Law who, for over forty years, has practiced Florida real estate, wills, trusts, probate, corporations, nonprofits, and business law. The author has seen too many nonprofit corporations improperly formed and maintained. Some failed to file for tax-exempt status after incorporation; some failed to hold annual meetings and file annual reports; some failed to prepare meeting minutes and maintain records; and some failed to follow statutory procedures. Failure to comply with the basics of nonprofit corporation law can result in real estate title problems, litigation, taxes, penalties, and potential personal liability. This book provides a step-by-step process with forms and checklists for forming and maintaining Florida nonprofit corporations to avoid these problems. It is primarily directed to lawyers because Florida nonprofit corporations are legal entities created under the Florida Not

For Profit Corporation Act, so having a law degree really should be a prerequisite to forming and maintaining nonprofit corporations. However, the author realizes that we live in an age where nonlawyers freely access these materials on the Internet, so he has written this book in plain language that does not require a law degree to understand. But his message for nonlawyers reading this book is to be sure to engage a Florida-licensed lawyer on their behalf to review any document before it is signed or filed.
