Fundamentals of Trial Techniques Lexis Pub

A proven success in hundreds of classrooms nationwide, Maerowitz and Mauet's introduction to litigation features greater flexibility than the other leading texts. it covers every step of the litigation process in depth, from the moment the client walks in the door to final settlements - yet never burdens students with needless details and digressions. The writing is friendly and intelligent - with a unique ability to clarify the reasoning behind legal procedures. The pedagogy is expertly crafted for paralegal courses, especially the case materials. They include examples and documents in the text itself, along with a complete litigation file in the appendix, and six separate case scenarios in the accompanying electronic workbook. The quality and variety of the case materials allow you to teach as you wish, rather than locking you into a single case or running scenario. One of the Most Successful Litigation Texts Ever... A complete introduction To The litigation process... covering the basic rules of litigation; investigation, case strategies and planning; pretrial steps, from pleadings to discovery; settlements, trial preparation, judgments, and alternative resolutions. An ideal balance of clarity and depth... with a brisk pace, yet sufficient detail for substantive courses and subsequent use as an academic or professional reference. Highly effective learning features... including examples, charts, checklists, overviews, review questions, and sample documents - without the cluttered pedagogy found in some texts. A litigation file appendix... providing case materials for each stage of litigation, from pleadings to settlements - designed for flexible use with chapter topics as needed. Electronic workbook with cases... includes new self-study aids and case materials, including six different case scenarios for assignments, exercises, and classroom case studies. Now Thoroughly Updated for Your 2003 Courses.... The most current coverage available...

with the latest rules, procedures, examples, and references, including recent amendments To The Federal Rules of Civil Procedures New electronic and web resources... with expanded information on computer and online tools for research, case preparation, and every stage of the litigation process
Michigan Court Rules Russell Sage Foundation
Fundamentals of Litigation for California Paralegals, Seventh Edition offers a complete understanding of the litigation process from the time the client walks into the office through to trial and post-judgment, including settlements and alternative forms of resolutions. Tailored to California practice, the authors' successful, balanced approach presents a complete overview of the litigation process, with clear explanations and examples of the rules and procedures. The text's flexible organization allows the instructor to easily pick and choose the areas to cover in the course. Intended specifically for California paralegals, each chapter references specific California statutes, and relevant California forms are included throughout the book. New to the Seventh Edition: Updated with changes to Federal Rules of Civil Procedure, California Rules of Court, and Judicial Council forms New developments in e-discovery Updated review questions and research questions at the end of each chapter to supplement the readings Revised

sample letters, discovery, and motions. Professors and student will benefit from: Tailored to California Law with California-specific Judicial Council forms and references to specific California statutes in each chapter. A balanced and reader-friendly presentation Concise and well-written text—students will not get lost in the details of the rules A flexible organization that lends itself to a variety of teaching objectives Helpful pedagogy includes bold-face terms defined in the margins and in the glossary; numerous examples, charts, checklists, and sample documents; chapter overviews and summaries; and review questions A companion workbook, available as a download, with review questions (including true-false, short answer, and essays, with answers and explanations) and case scenarios for the student to use in completing assignments for the course and for use by the instructor as case studies in class. Electronic Redacted Section 10(j) Manual American Bar Association
Discovery in Construction Litigation explores aspects of discovery such as litigation support systems, privileges, and alternative dispute resolution. It includes interrogatories and requests for production of documents, appendices with sample forms, lists of documents, and discovery rules.

Destruction of Evidence Aspen Publishers
Presents the results of the first national field survey of how lawyers use pretrial discovery in practice. Pretrial discovery is a complex set of rules and practices through which the adversaries in a civil

dispute are literally allowed to "discover" the facts and legal arguments their opponents plan to use in the trial, with the purpose of improving the speed and quality of justice by reducing the element of trickery and surprise. Dr. Glaser examines the uses, problems, and advantages of discovery. He concludes that it is in wide use in federal civil cases, but that while the procedure has produced more information in some areas, it has failed to bring other improvements favored by its original authors.
