When Barry Fairbrother dies in his early forties, the town of Pagford is left in shock. Pagford is, seemingly, an English idyll, with a cobbled market square and an ancient abbey, but what lies behind the pretty facade is a town at war. Rich at war with poor, teenagers at war with their

parents, wives at war with their husbands, teachers at war with their pupils. . . Pagford is not what it first seems. And the empty seat left by Barry on the parish council soon becomes the catalyst for the biggest war the town has yet seen. Who will triumph in an election fraught with passion, duplicity and unexpected revelations? A big novel about a small town, **THE CASUAL VACANCY** is J.K. Rowling's first novel for adults. “Like Richard Russo’s Straight Man this book has a lot to say about the humanities in American colleges and universities... Very funny and also moving.” —Tom Perrotta, New York Post A BEST BOOK OF THE YEAR: NPR and Boston Globe Finally a novel that puts the "pissed" back into "epistolary." Jason Fitger is a beleaguered professor of creative writing and literature at Payne University, a small and not very distinguished liberal arts college in the midwest. His department is facing draconian cuts and squalid quarters, while one floor above them the Economics Department is getting lavishly remodeled offices. His once-promising writing career is in the doldrums, as is his romantic life, in part as the result of his unwise use of his private affairs for his novels. His star (he thinks) student can't catch a break with

his brilliant (he thinks) work as an Accountant in a Bordello, based on Melville's Bartleby. In short, his life is a tale of woe, and the vehicle this droll and inventive novel uses to tell that tale is a series of hilarious letters of recommendation that Fitger is endlessly called upon by his students and colleagues to produce, each one of which is a small masterpiece of high dudgeon, low spirits, and passive-aggressive strategies. We recommend Dear Committee Members to you in the strongest possible terms. Don't miss Julie Schumacher's new novel, The English Experience, coming soon. *First Day to Final Grade, Third Edition* AMACOM School Counseling Practicum and Internship: 30 Essential Lessons combines crucial counselor knowledge with the experience of experts in the field into one practical guide for addressing the real world of school counseling. When Ridley Scott envisioned Blade Runner's set as "Hong Kong on a bad day," he nodded to the city's overcrowding as well as its widespread use of surveillance. But while Scott brought Hong Kong and surveillance into the global film repertoire, the city's own cinema has remained outside of the global surveillance discussion. In *Arresting Cinema*, Karen Fang delivers a unifying account of Hong Kong cinema that draws upon its renowned crime films and other unique genres to demonstrate Hong Kong's view of surveillance. She argues that Hong Kong's films display a tolerance of—and even opportunism towards—the soft cage of constant observation, unlike the fearful view prevalent in the West. However, many surveillance cinema studies focus solely on European and Hollywood films, discounting other artistic traditions and industrial circumstances. Hong Kong's films show a more crowded, increasingly economically stratified, and postnational world that nevertheless offers an aura of hopeful futurity. Only by exploring Hong Kong surveillance film can we begin to shape a truly global understanding of Hitchcock's "rear window ethics."

When they prepare for medical school, few candidates take the time to acquire the caliber of recommendation letters they will need to distinguish themselves in a highly competitive applicant pool. This book, which was written by an Ivy League admissions expert, offers detailed advice to write (and get) persuasive letters that highlight the personal, academic and professional strengths the committee expects to see. It also includes 45 successful recommendation letters, including several that "explain" extenuating circumstances in a candidate's history (such as disappointing grades, a gap in employment, and low MCAT scores). At top medical schools, where the

competition is fierce, the quality and depth of a candidate's reference letters can make the difference between acceptance and rejection. Whether you are an applicant who needs a persuasive letter of recommendation, or someone who has been asked to write one, this exceptional book is mandatory reading.
