Comprehensive Perioperative Nursing Review
Elsevier Health Sciences

Most managers hate conducting performance appraisal discussions. What's worse, few feel confident in their ability to accurately assess the performance of

a subordinate. In The Performance Appraisal Question and Answer Book, expert Dick Grote answers over 100 of the most common -- and most difficult -- questions about this vitally important but often misunderstood and misused tool, including: * How should I react when an employee starts crying during the appraisal discussion . . . or gets mad at me? * Which is more important -- the results the person achieved or the way she went about doing the.

Practical/Vocational Nursing -
E-Book Jones & Bartlett
Learning

Get the proven guidance you need to succeed in both nursing school and professional LPN/LVN practice with Success in Practical/Vocational Nursing, From Student to Leader, 9th Edition. Focusing on must-have leadership and problem-solving skills, this unique, market-leading text covers the soft skills that are essential for success in nursing school, in the job market, and in professional practice. Topics build on each other in a logical manner, beginning with tools you ' ll need for success in class, continuing to the skills needed in LPN/LVN practice, and culminating in the higher-level roles and responsibilities of the LPN/LVN as a leader. The newest feature box on empowerment introduces you to the concepts of self-reflection, self-growth, and power to enhance your student experience and accomplish positive outcomes in nursing

school and in practice.

Additionally, like in previous editions, Critical Thinking and Try This! boxes are incorporated throughout this ninth edition to challenge you in thinking outside of the box to solve personal, academic, and professional situations. There are also practice review questions at the end of each chapter help you prepare for the NCLEX-PN® examination and chapters on Workforce Trends and Nurse State Practice Acts to help you easily move from the academic to the practice setting. With all its proven guidance and insight, this text is must-have for any LPN/LVN student wanting to find success in today ' s demanding healthcare environment.

Legal Nurse Consulting Principles

AMACOM/American Management Association
Over the past generation, the practice of legal nurse consulting has grown to include areas such as life care planning, risk management, and administrative law, as well as taking on a more diversified role in both criminal and civil law and courtroom proceedings. First published in 1997, Legal Nurse Consulting, Principles and Practices provided pro
Leading and Managing in Nursing - E-Book McGraw Hill

This comprehensive text explores the philosophy that all nurses are leaders who use creative decision making,

entrepreneurship, and life-long learning to create a work environment that is efficient, cost-effective, and committed to quality care. Broad and comprehensive coverage encompasses leadership and management theories and processes by synthesizing information from nursing, health care, general administration and management, and leadership literature. Activities teach them how to research decision-making data (participatory action research process) and analyze and make reliable choices in managing their work environment. Theory-based, scholarly yet practical, this is the most comprehensive and engaging baccalaureate text on the market.

The Clinical Nurse Specialist Handbook Lippincott

Williams & Wilkins

Designed for the management and development of professional nurses, this text provides management concepts and theories, giving professional administrators theoretical and practical knowledge, enabling them to maintain morale, motivation, and productivity. Organized around the four management functions of Planning, Organizing, Leadership, and Evaluation, it includes new chapters on total quality management,

the theory of human resource development, and collective bargaining. Additionally, content has been added to include recommendations from the work of the Institute of Medicine and the Magnet Appraisal process.

Nursing Model Question Paper P 12 - 2022 Lippincott Williams & Wilkins

Created in conjunction with Fundamentals of Nursing, Seventh Edition, this Study Guide helps students review and apply concepts from the textbook to prepare for exams as well as nursing practice. Each chapter includes three sections: Practicing for NCLEX® (containing multiple-choice and alternate-format questions), Developing Your Knowledge Base (including a variety of questions formats such as fill-in-the-blank, matching, and short answer), and Applying Your Knowledge (comprised of critical thinking questions, reflective practice scenarios, and patient care studies). An Answer Key appears at the back of the book.

Management and Leadership in Nursing and Health Care Jones & Bartlett Learning

Case Studies in Nursing Case Management provides portrayals of health care organizations around the nation that have successfully implemented case management programs. It reports on how case management is being used in inpatient, ambulatory, operating room, intensive care, home health, and subacute settings. Specific populations such as pediatric, maternity, dialysis, geriatric, psychiatric, and AIDS/HIV patients are also addressed. Case managers' roles in managed care and community-based settings as well as in insurance companies are described.
