From the globally acclaimed, best-selling novelist and author of *We Should All Be Feminists*, a timely and deeply personal account of the loss of her father. "Essential." —Booklist
Notes on Grief is an exquisite work of meditation, remembrance, and hope, written in the wake of Chimamanda Ngozi Adichie's beloved father's death in the summer of 2020. As the COVID-19 pandemic raged around the world, and kept Adichie and her family members separated from one another, her father succumbed unexpectedly to complications of kidney failure. Expanding on her original *New Yorker* piece, Adichie shares how this loss shook her to her core. She writes about being one of the millions of people grieving this year; about the familial and cultural dimensions of grief and also about the loneliness and anger that are unavoidable in it. With signature precision of language, and glittering, devastating detail on the page—and never without touches of

rich, honest humor—Adichie weaves together her own experience of her father's death with threads of his life story, from his remarkable survival during the Biafran war, through a long career as a statistics professor, into the days of the pandemic in which he'd stay connected with his children and grandchildren over video chat from the family home in Abba, Nigeria. In the compact format of *We Should All Be Feminists* and *Dear Ijeawele*, Adichie delivers a gem of a book—a book that fundamentally connects us to one another as it probes one of the most universal human experiences. *Notes on Grief* is a book for this moment—a work readers will treasure and share now more than ever—and yet will prove durable and timeless, an indispensable addition to Adichie's canon.

Composition research consistently demonstrates that the social context of writing determines the majority of conventions any writer must observe. Still, most universities organize the required first-year composition course as if there were an intuitive set of general writing "skills" usable across academic and work-world settings. In *College Writing and Beyond: A New Framework for University Writing Instruction*, Anne Beaufort reports on a longitudinal study comparing one student's experience in FYC, in history, in engineering, and in his post-college writing. Her data illuminate the struggle of college students to transfer what they learn about "general writing" from one context to another. Her findings suggest ultimately not that we must abolish FYC, but that we must go beyond even genre theory in reconceiving it. Accordingly, Beaufort would argue

that the FYC course should abandon its hope to teach a sort of general academic discourse, and instead should systematically teach strategies of responding to contextual elements that impinge on the writing situation. Her data urge attention to issues of learning transfer, and to developmentally sound linkages in writing instruction within and across disciplines. Beaufort advocates special attention to discourse community theory, for its power to help students perceive and understand the context of writing.

“ Ross Gay ’ s eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us. ” —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay ’ s *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man; the ecological and

psychic violence of our consumer culture; the loss of those he loves.

Among Gay ’ s funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend ’ s unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay celebrates the beauty of the natural world—his garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay ’ s voice, and his insights. *The Book of Delights* is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay ’ s pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

After her mother died, poet Victoria Chang refused to write elegies. Rather, she distilled her grief during a feverish two weeks by writing scores of poetic obituaries for all she lost in the world. In *Obit*, Chang writes of “the way memory gets up after someone has died and starts walking.” These poems reinvent the form of newspaper obituary to both name what has died (“civility,” “language,” “the future,” “Mother’s blue dress”) and the cultural impact of death on the living.

Whereas elegy attempts to immortalize the dead, an obituary expresses loss, and the love for the dead becomes a conduit for self-expression. In this unflinching and lyrical book, Chang meets her grief and creates a powerful testament for the living.
