From an author praised for writing "delicious social history" (Dwight Garner, The New York Times) comes a lively account of memorable Miss America contestants, protests, and scandals—and how the pageant, nearing its one hundredth anniversary, serves as an unintended indicator of feminist progress. Looking for Miss America is a fast-paced narrative history of a curious and contradictory institution. From its start in 1921 as an Atlantic City tourist draw to its current incarnation as a scholarship competition, the pageant has indexed women's status during periods of social change—the post-suffrage 1920s, the Eisenhower 1950s, the #MeToo era. This ever-changing institution has been shaped by war, evangelism, the rise of television and reality TV, and, significantly, by contestants who confounded expectations. Spotlighting individuals, from Yolande Betbeze, whose refusal to pose in swimsuits led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they used the pageant for economic advancement. The pageant's history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be "of the white race," was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, Looking for Miss America examines the heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.

Middle graders will laugh and cry with thirteen-year-old Vanessa Martin as she tries to be like Vanessa Williams, the first black Miss America. In this semi-autobiographical debut novel set in 1983, Vanessa Martin's real-life reality of living with family in public housing in Newark, New Jersey is a far cry from the glamorous Miss America stage. She struggles with a mother she barely remembers, a grandfather dealing with addiction and her own battle with self-confidence. But when a new teacher at school coordinates a beauty pageant and convinces Vanessa to enter, Vanessa's view of her own world begins to change. Vanessa discovers that her own self-worth is more than the scores of her talent performance and her interview answers, and that she doesn't need a crown to be comfortable in her own skin and see her own true beauty. "It's such an honor to be the focal point of this wonderful book! Without a doubt, it will be inspiring to a new generation of young, talented girls well on their way to promising careers."

This provocative history of the largest annual Chinese celebration in the United States—the Chinese New Year parade and beauty pageant in San Francisco—opens a new window onto the evolution of one Chinese American community over the second half of the twentieth century. In a vividly detailed account that incorporates many different voices and perspectives, Chiou-ling Yeh explores the origins of these public events and charts how, from their beginning in 1953, they developed as a result of Chinese business community ties with American culture, business, and politics. What emerges is a fascinating picture of how an ethnic community shaped and was shaped by transnational and national politics, economics, ethnic movements, feminism, and queer activism.

Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, To Kill a Mockingbird has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Sarah Banet-Weiser complicates the standard feminist take on beauty pageants in this intriguing look at a hotly contested but enduringly popular American ritual. She focuses on the Miss America pageant in particular, considering its claim to be an accurate representation of the diversity of contemporary American women. Exploring the cultural constructions and legitimations that go on during the long process of the pageant, Banet-Weiser depicts the beauty pageant stage as a place where concerns about national identity, cultural hopes and desires, and anxieties about race and gender are crystallized and condensed. The beauty pageant, she convincingly demonstrates, is a profoundly political arena deserving of serious study. Drawing on cultural criticism, ethnographic research, and interviews with pageant participants and officials, *The Most Beautiful Girl in the World* illustrates how contestants invent and reinvent themselves while articulating the female body as a national body. Banet-Weiser finds that most pageants are characterized by the ambivalence of contemporary "liberal" feminism, which encourages individual achievement, self-determination, and civic responsibility, while simultaneously promoting very conventional notions of beauty. The book explores the many different aspects of the Miss America pageant, including the swimsuit, the interview, and the talent competitions. It also takes a closer look at some extraordinary Miss Americas, such as Bess Myerson, the first Jewish Miss America; Vanessa Williams, the first African American Miss America; and Heather Whitestone, the first Miss America with a disability.
