Green Graphic Design VGM Career Books "Learning, Practicing, and Living the New Careering presents a theoretical overview of conventional career counseling theories and compares them to the New Careering. This volume does not dismiss traditional career theories, but rather illustrates the symbiosis while placing conventional wisdom in a subordinate position to personal reality. Miller-Tiedeman uses case studies and discussion points to help both professionals and students learn practical application."--Jacket.

Getting hired quickly isn't as easy as it once was. While the traditional cause of unemployment is grouped under the

heading of a "bad economy," there now exists a new impediment to getting hired: online recruitment. Why has Internet job hunting or online recruitment made it so much harder to getting hired? Before the widespread use of online recruitment, employers usually received a handful of job applicants per job posting. Today, it's quite common for employers to obtain 200 applicants per job posting! With increased competition, the difficulty of getting hired increases. You can overcome the roadblocks that online recruitment places in your path to a new job. The goal of this book is to teach you a simple, divide-and-conquer method that will help you use online recruitment successfully. In addition, it will also teach you how to write a highly searchable online résumé and how to correct problems when they arise in your job search campaign.
