*Professional manual - templates.office.com*

A User Guide on paper is less likely to be useful to “casual” users who make only occasional use of the system. Experience says that such users will rarely consult a manual. So for them the bulk of the User Guide information has to be available on line, supported by a good indexing system and (ideally) some diagnostic wizards.

Software User Guide • For the safe use of your camera, be sure to read the “Safety

Precautions” thoroughly before use. • Types of software installed on your computer varies depending on the method of installation from the Caplio Software CD-ROM. For details, see the “Camera User Guide”.

*Sample Applications User Guide - intel.com*

The user manual should be largely task-oriented, rather than heavily descriptive.

Because the manual is written to help users understand how to execute specific tasks, the writer needs to have an understanding of those tasks as well, and as a result, going through each discrete step of each feature is absolutely essential.
