User Guide Templates (5 MS Word ... - My Software Templates
The user manual should be largely task-oriented, rather than heavily descriptive. Because the manual is written to help users understand how to execute specific tasks, the writer needs to have an understanding of those tasks as well, and as a result, going through each discrete step of each feature is absolutely essential.

User's Manual Template
A User Guide on paper is less likely to be useful to “ casual ” users who make only occasional use of the system. Experience says that such users will rarely consult a manual. So for them the bulk of the User Guide information has to be available on line, supported by a good indexing system and (ideally) some diagnostic wizards.
