Little Ida liked the student, who always had a tale to tell, a lot. So, one morning, when little Ida's flowers had all withered, she asked the student what could have happened to them. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl".

His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

Murder. Not an intricately plotted "whodunit" or fiery passionate fury. But dirty, sad, disturbing actions from real people. That's what Truman Capote decided to use for IN COLD BLOOD—his bold experiment in the realm of the non-

fiction "novel."
Following in that legacy is CAPOTE IN KANSAS, a fictionalized tale of Capote's time in Middle America researching his classic book. Capote's struggles with the town, the betrayal, and his own troubled past make this book a compelling portrait of one of the greatest literary talents of the 20th century.
