Motherhood is hard. In a world of five-step lists and silver-bullet solutions to become perfect parents, mothers are burdened with mixed messages about who they are and what choices they should make. If you feel pulled between high-fives and hard words, with culture ’ s solutions only raising more questions, you ’ re not alone. But there is hope. You might think that Scripture doesn ’ t have much to say about the food you make for breakfast, how you view your postpartum body, or what school choice you make for your children, but a deeper look reveals that the Bible provides the framework for finding answers to your specific questions about modern motherhood. Emily Jensen and Laura Wifler help you understand and apply the gospel to common issues moms face so you can connect your Sunday morning faith to the Monday morning tantrum. Discover how closely the gospel connects with today ’ s motherhood. Join Emily and Laura as they walk through the redemptive story and reveal how the gospel applies to your everyday life, bringing hope, freedom, and joy in every area of motherhood.

A tortured fairy and a vampire warrior unite to stop evil in this paranormal romance by the New York Times – bestselling author of Taken by Darkness. The Sylvermyst have a reputation as sinister cousins to the fey, and none are more mysterious than Ariyal and his tribe. To save his people from banishment, he sold himself to the evil Morgana. Finally free, he faces a new challenge: Jaelyn, an elite vampire warrior sent to capture him. By rights, he should kill her on sight. Yet he cannot bring himself to hurt her—or to resist her... Jaelyn is stunningly beautiful, utterly lethal—and always alone. Until Ariyal. From their first encounter, she knows that what’s between them is more dangerous than simple lust. And as they unite to thwart a terrifying prophecy that will mean the end of his clan and of the world they know, she will risk everything to fulfill her destiny by his side. . . . Praise for Alexandra Ivy “ Beyond the Darkness kept me riveted! The Guardians of Eternity series is highly addictive. ” —Larissa Ione, New York Times bestselling author “ Ivy always packs her books with buckets of action, emotion and sexy sizzle. Risen Motherhood (Deluxe Edition) Feiwel & Friends
Good Strategy/Bad Strategy clarifies the muddled thinking underlying too many strategies and provides a clear way to create and implement a powerful action-oriented strategy for the real world. Developing and implementing a strategy is the central task of a leader. A good strategy is a specific and coherent response to—and approach for—overcoming the obstacles to progress. A good strategy works by harnessing and applying power where it will have the greatest effect. Yet, Rumelt shows that there has been a growing and unfortunate tendency to equate Mom-and-apple-pie values, fluffy packages of buzzwords, motivational slogans, and financial goals with “ strategy. ” In Good Strategy/Bad Strategy, he debunks these

elements of “ bad strategy ” and awakens an understanding of the power of a “ good strategy. ” He introduces nine sources of power—ranging from using leverage to effectively focusing on growth—that are eye-opening yet pragmatic tools that can easily be put to work on Monday morning, and uses fascinating examples from business, nonprofit, and military affairs to bring its original and pragmatic ideas to life. The detailed examples range from Apple to General Motors, from the two Iraq wars to Afghanistan, from a small local market to Wal-Mart, from Nvidia to Silicon Graphics, from the Getty Trust to the Los Angeles Unified School District, from Cisco Systems to Paccar, and from Global Crossing to the 2007 – 08 financial crisis. Reflecting an astonishing grasp and integration of economics, finance, technology, history, and the brilliance and foibles of the human character, Good Strategy/Bad Strategy stems from Rumelt ’ s decades of digging beyond the superficial to address hard questions with honesty and integrity.

Rich Text Format, or RTF, is the internal markup language used by Microsoft Word and understood by dozens of other word processors. RTF is a universal file format that pervades practically every desktop. Because RTF is text, it's much easier to generate and process than binary .doc files. Any programmer working with word processing documents needs to learn enough RTF to get around, whether it's to format text for Word (or almost any other word processor), to make global changes to an existing document, or to convert Word files to (or from) another format. RTF Pocket Guide is a concise and easy-to-use tutorial and quick-reference for anyone who occasionally ends up mired in RTF files. As the first published book to cover the RTF format in any detail, this small pocket guide explains the syntax of RTF with examples throughout, including special sections on Unicode RTF and MSHelp RTF, and several full programs that demonstrate how to work in RTF effectively. Most word processors produce RTF documents consisting of arcane and redundant markup. This book is the first step to finding order in the disorder of RTF.

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate

culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

Born on the same day and at the same time, Druvan and Anvesha know they are soulmates in every sense of the word. Their parents, however, refuse to accept their 'togetherness' at first and try to tear them apart. Druvan and Anvesha try their best to explain why that cannot happen. In the same timeline, the world has made huge progress in science and some of the first experiments to combine the body and the soul have begun. This is an opportunity for them to prove their love and tell the world that it is love that can make the impossible, possible. Druvan and Anvesha participate in the experiment as if their life depends on it, because it does. The only thing that remains to be seen is, will the dream of a man to control love and life come true? And when the time comes, can one stay true to their soulmate?

Growing up on the rough streets of Newark, New Jersey, Rameck, George,and Sampson could easily have followed their childhood friends into drug dealing, gangs, and prison. But when a presentation at their school made the three boys aware of the opportunities available to them in the medical and dental professions, they made a pact among themselves that they would become doctors. It took a lot of determination—and a lot of support from one another—but despite all the hardships along the way, the three succeeded. Retold with the help of an award-winning author, this younger adaptation of the adult hit novel The Pact is a hard-hitting, powerful, and inspirational book that will speak to young readers everywhere.
