Do you want to be an expert crewmate, and an even better imposter? Do you constantly get killed, called "sus," or even worse, ejected? This guide will get even the most inexperienced player of Among Us up to speed so that they can more easily spot the imposter, complete their tasks, or pull off the perfect crime.

**Night Photography** Springer Science & Business Media

The Andromeda Galaxy, or M31, is an attractive galaxy for astronomers. It is close to us, it is of about the size of our galaxy, it provides some

intriguing observational puzzles because the galaxy is nearly edge-on, and many objects can be studied in detail, because they are still sufficiently bright. With the current developments in instrumentation with which increasingly detailed studies of the Andromeda Galaxy can be made, this book provides a solid foundation for the start of new observations. This book is a mine of information about M31. It can be used as a reference by insiders, and at the same time it provides easy access for newcomers to the field.

**Galaxy Zack 3-pack** Penguin

We've come a long way from the Peashooter Era: with the advent of modern household products and office supplies - foldback clips, clothespins, rubber bands, ballpoint pens, toothpicks, paper clips and plastic utensils - the everyday junk drawer can hold all the materials needed to create pocket-sized weaponry. Whether you're slowing dying of boredom in a stuffy office, plotting revenge on your older siblings or simply looking for a wonderful way to kill some time, this book is for you. Toy designer John Austin provides detailed, step-by-step instructions for each project, including materials and ammo lists, clear pictures, and construction tips, for mayhem-loving MacGyvers. The 35 devices include catapults, slingshots, darts, crossbows, and combustion shooters. Build a tiny trebuchet from paper clips and a D-cell battery. Wrap a penny in a string of paper caps to create a surprisingly impressive "bomb." Several of the projects even include variations where combatants mount laser pointer sights to their shooters to increase their accuracy. The instructions are simple so that anyone can make these wacky innovations in minutes whilst also learning about mechanics and physics in a fun, hands-on way.

**Samsung Galaxy Tabs For Dummies** John Wiley & Sons

Galaxy Tab lets you work, play, read, and connect on the go, but mastering its TouchWiz interface and finding the best apps can be tricky—unless you have this Missing Manual. Gadget whiz Preston Gralla provides crystal-clear explanations and step-by-step instructions to get you up to speed quickly, whether you have the 3G/4G or Wi-Fi version of this amazing device. The important stuff you need to know: Design your experience.

Add interactive widgets and mini-apps to your screen with TouchWiz. Satisfy your appetite. Download thousands of games and apps from the Android Market. Keep in touch. Chat, videochat, check email, and browse the Web.

Find your way. View maps, use the GPS, and navigate turn-by-turn. Manage your media. Shoot and view photos and videos; organize and play your music. Stay informed. Read books, newspapers, and magazines. Be productive. Use Google Docs to store and share documents.

**Visual Galaxy** ABRAMS

Provides a complete re-examination of Herschel's entire catalogue; a must-have for amateur astronomers seeking new and exciting observing challenges.

**An Astrological Guide for Broken Hearts** Grand Central Life & Style

When one of their friends mysteriously disappears, a group of teens are forced to confront the challenges and secrets of their lives in this edgy and suspenseful coming-of-age tale from international supermodel, actress, and social media darling Cara Delevingne. Among the students of Thames Comprehensive, Red, Leo, Rose, and Naomi are misfits—outsiders who have found a safe haven in music and their band, Mirror, Mirror. For these sixteen year olds, fitting in at school is nearly as difficult as navigating their complicated home lives. Red has an alcoholic mother and a father who's never around. Leo's brother is in prison. Rose uses sex and alcohol to numb the pain of a brutal attack. Naomi's punk rock princess persona gives her the freedom to be her true self. When Naomi mysteriously vanishes and then is found unconscious, her friends are shaken and confused. Could it have been an accident—or did someone deliberately try to hurt Naomi? If she was in trouble, why didn't she turn to them? How well do they really know their bandmate—and each other? If Naomi wakes up from her coma, will she ever be the same? To understand what happened to Naomi, Red, Leo, and Rose must ultimately face their own dark secrets and fears, and reconcile the difference between what they feel inside and what they show to the world. Cara Delevingne reveals another facet of her amazing talent with this powerful novel about identity, sexuality, gender, emotional pain, the complicated world of social media, and the dangerous weight of appearances that are not what they seem.

### NOW A NETFLIX ORIGINAL SERIES

Frustrated at the path her life has taken, Alice decides to take control of her personal life using astrology as her guide in this quirky, steamy, and hilarious romantic comedy. Alice Bassi is (a little) over thirty, single (not by choice), and she can't help but feel that she is failing at this whole adulthood thing. She's stuck in a dead-end job, just found out her ex-boyfriend is engaged to his pregnant girlfriend, and Richard Gere hasn't shown up with flowers and a limo to save her from it all. On one particularly disastrous morning—when Alice would much rather have stayed home, curled up with her favorite rom-coms—she meets Davide Nardi. Handsome yet indecipherable, Davide would be the leading man of Alice's dreams—if only he weren't the "hatchet man" brought in to help streamline production and personnel at the small television network she works for. In the midst of all this, Alice runs into Tio—an actor and astrology expert who is convinced he can turn her life around with a little help from the stars. Skeptical but willing, Alice decides to take Tio's advice and only date men whose Zodiac signs are compatible with hers. Unfortunately, it turns out that astrological affinity doesn't always guarantee a perfect match, nor prevent a series of terrible dates, disappointments, and awkward surprises. It also doesn't keep Davide from becoming more attractive every day. Perfect for fans of *Bridget Jones's Diary* and *Star-Crossed*, *An Astrological Guide for Broken Hearts*

is a witty, sexy, and relatable portrait of a modern woman's search for love and a dream job, only to discover that your destiny isn't always written in the stars.

*The God Is Not Willing* HarperCollins Leadership "Android Forensics" covers an open source mobile device platform based on the Linux 2.6 kernel and managed by the Open Handset Alliance. This book provides a thorough review of the Android platform including supported hardware devices, the structure of the Android development project, and implementation of core services (wireless communication, data storage, and other low-level functions).

**Monsters in Space!** "O'Reilly Media, Inc." Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond. This is an adaptation of Introduction to Business by OpenStax. You can access the textbook as pdf for free at [openstax.org](http://openstax.org). Minor editorial changes were made to ensure a better ebook reading experience. Textbook content produced by OpenStax is licensed under a Creative Commons Attribution 4.0 International License.

### **The Unofficial Guide to Among Us** HarperCollins

World-renowned economist Klaus Schwab, Founder and Executive Chairman of the World Economic Forum, explains that we have an opportunity to shape the fourth industrial revolution, which will fundamentally alter how we live and work. Schwab argues that this revolution is different in scale, scope and complexity from any that have come before. Characterized by a range of new technologies that are fusing the physical, digital and biological worlds, the developments are affecting all disciplines, economies, industries and governments, and even challenging ideas about what it means to be human. Artificial intelligence is already all around us, from supercomputers, drones and virtual assistants to 3D printing, DNA sequencing, smart thermostats, wearable sensors and microchips smaller than a grain of sand. But this is just the beginning: nanomaterials 200 times stronger than steel and a million times thinner than a strand of hair and the first transplant of a 3D printed liver are already in development. Imagine "smart

factories" in which global systems of manufacturing are coordinated virtually, or implantable mobile phones made of biosynthetic materials. The fourth industrial revolution, says Schwab, is more significant, and its ramifications more profound, than in any prior period of human history. He outlines the key technologies driving this revolution and discusses the major impacts expected on government, business, civil society and individuals. Schwab also offers bold ideas on how to harness these changes and shape a better future—one in which technology empowers people rather than replaces them; progress serves society rather than disrupts it; and in which innovators respect moral and ethical boundaries rather than cross them. We all have the opportunity to contribute to developing new frameworks that advance progress.

### *STRUCTURED COMPUTER ORGANIZATION* Conceptual Kings

*A Darker Shade of Magic*, from #1 New York Times bestselling author V.E. Schwab Kell is one of the last Antari—magicians with a rare, coveted ability to travel between parallel Londons; Red, Grey, White, and, once upon a time, Black. Kell was raised in Arnes—Red London—and officially serves the Maresh Empire as an ambassador, traveling between the frequent bloody regime changes in White London and the court of George III in the dullest of Londons, the one without any magic left to see. Unofficially, Kell is a smuggler, servicing people willing to pay for even the smallest glimpses of a world they'll never see. It's a defiant hobby with dangerous consequences, which Kell is now seeing firsthand. After an exchange goes awry, Kell escapes to Grey London and runs into Delilah Bard, a cut-purse with lofty aspirations. She first robs him, then saves him from a deadly enemy, and finally forces Kell to spirit her to another world for a proper adventure. Now perilous magic is afoot, and treachery lurks at every turn. To save all of the worlds, they'll first need to stay alive. "A Darker Shade of Magic has all the hallmarks of a classic work of fantasy. Schwab has given us a gem of a tale...This is a book to treasure."—Deborah Harkness, New York Times bestselling author of the All Souls trilogy *Shades of Magic* series 1. *A Darker Shade of Magic* 2. *A Gathering of Shadows* 3. *A Conjuring of Light* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Add this book to your library NOW!

**Living in Style** Candlewick Press (MA)

New York Times bestselling author Steven Erikson continues the beloved Malazan Book of the Fallen with this first book in the thrilling Witness sequel trilogy, *The God is Not Willing*. Many years have passed since three warriors brought carnage and chaos to Silver Lake. Now the tribes of the north no longer venture into the southlands. The town has recovered and yet the legacy remains. Responding to reports of a growing unease among the tribes beyond the border, the Malazan army marches on the new god's people. They aren't quite sure what they're going to be facing. And in those high mountains, a new warleader has risen amongst the Teblor. Scarred by the deeds of Karsa Orlong, he intends to confront his god even if he has to cut a bloody swathe through the Malazan Empire to do so. Further north, a new threat has emerged and now it seems it is the Teblor who are running out of time. Another long-feared migration is about to begin and this time it won't just be three warriors. No, this time tens of thousands are poised to pour into the lands to the south. And in their way, a single company of Malazan marines . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Android Forensics** Ridiculously Simple Books

A sexy new brother's best friend romance from New York Times bestselling author Kendall Ryan. There are a few things you should know about my brother's roommate. Wolfie Cox is . . . complicated. And incredibly sexy. Unfortunately, he has an impressive stick lodged so far up his ass, he's about as emotionally available as a chinchilla. Actually, that might be an insult to the chinchilla community. So, naturally, I want to ride him like a bicycle. He thinks I hate him. Mostly because I've led him to believe this. It's easier than admitting the truth. And while Wolfie is about as soft and cuddly as a fork, I'm the opposite. A good girl. Reliable. Conscientious. Oh, and completely panicked about an upcoming work conference. Wolfie's usually allergic to altruism, so when my brother convinces him to help me out by escorting me to said conference where everyone else will have a plus-one . . . I say thanks, but no thanks. Surprisingly, Wolfie is unflinching about this. And that's the story about how I got stuck in a hotel room with my brother's hot (grouchy) roommate. Thank you for coming to my TED talk. In all seriousness, this isn't a game to me, and hormones aside, I need to impress my boss this week so the promotion I've worked hard for doesn't get handed to his worthless nephew. But with Wolfie

and me sharing a hotel bed, things get confusing quickly. This is book two in the Frisky Business series, but each book can be read as a complete standalone.

**A Darker Shade of Magic** Simon and Schuster

Zack learns that appearances aren't everything when he has an up-close-and-personal monster encounter in this chapter book adventure. Zack is shocked when he goes to school one day and finds a monster in his seat! Who/what is this creature? At first Zack is scared, but he soon finds that this monster, Al, is kind and friendly. Zack and Al become fast friends, and Zack goes to Al's planet and meets all kinds of other monsters. Zack realizes that just because Al looks different, it doesn't mean that he's weird or strange. With easy-to-read language and illustrations on almost every page, the Galaxy Zack chapter books are perfect for beginning readers.

**Blue Self-portrait** Rizzoli International Publications
