A Number One Sunday Times Bestseller What happens when you take on the establishment? In *Adults in the Room*, the renowned economist and former finance minister of Greece Yanis Varoufakis gives the full, blistering account of his momentous clash with the mightiest economic and political forces on earth. After being swept into power with the left-wing Syriza party, Varoufakis attempts to renegotiate Greece's relationship with the EU—and sparks a spectacular battle with global implications. Varoufakis's new position sends him ricocheting between mass demonstrations in Athens, closed-door negotiations in drab EU and IMF offices, and furtive meetings with power brokers in Washington, D.C. He consults and quarrels with Barack Obama, Emmanuel Macron, Christine Lagarde, the economists Larry Summers and Jeffrey Sachs, and others, as he struggles to resolve Greece's debt crisis without resorting to punishing austerity measures. But despite the mass support of the Greek people and the simple logic of Varoufakis's arguments, he succeeds only in

provoking the fury of Europe's elite.

Varoufakis's unvarnished memoir is an urgent warning that the economic policies once embraced by the EU and the White House have failed—and spawned authoritarianism, populist revolt, and instability throughout the Western world. *Adults in the Room* is an extraordinary tale of brinkmanship, hypocrisy, collusion, and betrayal that will shake the global establishment to its foundations.

The real name of the Duomo is the Cathedral of S.
Maria del Fiore, or St. Mary of the Flowers, the
flower being the Florentine lily. Florence herself is
called the City of Flowers, and that, in the spring
and summer, is a happy enough description. But in
the winter it fails. A name appropriate to all the
seasons would be the City of the Miracle, the
miracle being the Renaissance. For though all over
Italy traces of the miracle are apparent, Florence
was its very home and still can point to the greatest
number of its achievements. Giotto (at the
beginning of this quickening movement) may at
Assisi have been more inspired as a painter; but
here is his campanile and here are his S. Maria
Novella and S. Croce frescoes. Fra Angelico and
Donatello (in the midst of it) were never more
inspired than here, where they worked and died.
Michelangelo (at the end of it) may be more
surprising in the Vatican; but here are his
wonderful Medici tombs. How it came about that
between the years 1300 and 1500 Italian soil--and
chiefly Tuscan soil--threw up such masters, not
only with the will and spirit to do what they did
but with the power too, no one will ever be able to
explain. But there it is. In the history of the world
two centuries were suddenly given mysteriously to
the activities of Italian men of humane genius and
as suddenly the Divine gift was withdrawn. And to

see the very flower of these two centuries it is to
Florence we must go. It is best to enter the Piazza
del Duomo from the Via de' Martelli, the Via de'
Cerretani, the Via Calzaioli, or the Via Pecori,
because then one comes instantly upon the
campanile too. The upper windows--so very
lovely--may have been visible at the end of the
streets, with Brunelleschi's warm dome high in the
sky beside them, but that was not to diminish the
effect of the first sight of the whole. Duomo and
campanile make as fair a couple as ever builders
brought together: the immense comfortable church
so solidly set upon the earth, and at its side this
delicate, slender marble creature, all gaiety and
lightness, which as surely springs from roots within
the earth. For one cannot be long in Florence,
looking at this tower every day and many times a
day, both from near and far, without being
perfectly certain that it grows--and from a bulb, I
think--and was never really built at all, whatever
the records may aver.

Davison's Poetical rhapsody. With a
preface by E. Brydges

Entrapment of the very poor is not an act
of nature. Pillaging of natural resources is
not an unfortunate accident. Policing that
does not see crime, officials who do not
enforce rules?not mistakes, either.
Corruption is widespread, and the cost is
high and debilitating to us all.
