ONE OF THE NEW YORK TIMES BOOK REVIEW' S 10 BEST BOOKS OF THE YEAR

One of the Best Books of the Year: The Washington Post, The Christian Science Monitor, NPR, Entertainment Weekly, The Economist, The Daily Beast, St. Louis Post-Dispatch In September 1978, three world leaders—Menachem Begin of Israel, Anwar Sadat of Egypt, and U.S. president Jimmy

Carter—met at Camp David to broker a peace agreement between the two Middle East nations. During the thirteen-day conference, Begin and Sadat got into screaming matches and had to be physically separated; both attempted to walk away multiple times. Yet, by the end, a treaty had been forged—one that has quietly stood for more than three decades, proving that peace in the Middle East is possible. Wright combines politics, scripture, and the participants' personal histories into a compelling narrative of the fragile peace process. Begin was an Orthodox Jew whose parents had perished in the Holocaust; Sadat was a pious Muslim inspired since boyhood by stories of martyrdom; Carter, who knew the Bible by heart, was driven by his faith to pursue a treaty, even as his advisers warned him of the political cost. Wright reveals an extraordinary moment of lifelong enemies working together—and the profound difficulties inherent in the process. Thirteen Days in September is a timely revisiting of this diplomatic triumph and an inside look at how peace is made.

Little Ida liked the student, who always had a tale to tell, a lot. So, one morning, when little Ida's flowers had all withered, she asked the student what could have happened to them. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children's literature, his most cherished fairy tales include "The Emperor's New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen's whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen's contribution to children's literature, his birth date, April 2, is celebrated as International Children's Book Day.

The novel's protagonist is a British Roman Catholic priest, Father Percy Franklin, who looks identical to the mysterious U.S. Senator Julian Felsenburgh of Vermont. The senator appears as a lone and dramatic figure promising world peace in return for blind obedience. No one quite knows who he is or where he comes from, but his voice mesmerizes. Under his leadership, war is abolished. Felsenburgh becomes the President of Europe, then of the world, by popular acclaim. Everyone is fascinated with him, yet still no one knows much about him. People are both riveted and frightened by the way he demands attention. Most follow without question. Having been a close observer of President Felsenburgh's rise, Father Franklin is called to Rome, a Hong Kong-style enclave ruled by Pope John XXVI and raised to the College of Cardinals. Meanwhile, defections among bishops and priests increase. At Cardinal Franklin's instigation, the pope abolishes the Eastern Catholic Churches and forms a new religious order, the Order of Christ Crucified. All its members, including the Pope, vow to die in the name of the faith.

An Alternate View of Reality Vintage
Three beautifully illustrated classic Polish tales that will enchant the young readers of today In the late 1930s renowned Polish poet Julian Tuwim, was asked to write three poems for children. The publisher Przeworski connected the three poems into one book, *Locomotive*, and commissioned illustrations from celebrated Polish illustration duo Lewitt and Him. *Locomotive* was the beginning of a creative partnership that lasted many years. Featuring the original three poems, *Locomotive*, *The Turnip*, and *The Bird's Broadcast*, children learn what's inside each train carriage as it chugs along, how many people, animals, and friends it takes to pull a turnip from the ground, and what happens when birds of all kinds gather for a meeting in the woods. After its original publication in 1939 in Polish, *Locomotive* was swiftly translated into French and English the next year, appearing at a time when it would have been a

surprise and a joy to encounter bright colors and modernist- inflected imagery. Both classic and modern, its imaginative storytelling and appeal has endured and will delight children today as much as it did eighty years ago.

Ambrose Bierce's short story, "Chickamauga," scrutinizes American values, specifically, America's identifying with the natural world. Bierce is critical of the American association with divine destiny, which has manifested itself throughout history in the form of John Winthrop's "City upon a hill" speech, the notion of the "white man's burden," and Manifest Destiny. American history, in the scope of the short story, is one of perceived "rightly" subjugation of others. Bierce satirizes this philosophy by use of the child as a manifestation of American values that are eventually shown to be feeble and weak. Famous works of the author Ambrose Bierce: "A Psychological Shipwreck", "Killed at Resaca", "An Inhabitant of Carcosa", "One of the Missing", "A Tough Tussle", "An Unfinished Race", "One of Twins", "A Horseman in the Sky", "The Spook House", "The Middle Toe of the Right Foot", "The Man and the Snake", "An Occurrence at Owl Creek Bridge", "The Realm of the Unreal", "The Boarded Window", "The Secret of Macarger's Gulch", "The Death of Halpin Frayser", "The Damned Thing", "The Eyes of the Panther", "Moxon's Master", "The Moonlit Road", "Beyond the Wall".

It's not every day that a 16 year old writes a book. In fact, girls and boys of that age are supposed to spend their time studying what other people write. It is pre-sumed that at that age they do not themselves have anything significant or interesting to say. And the education system guarantees just that. The best rewards go to those who can parrot set answers to set questions in examination halls. Those who try to use their imagination or reply differently are often punished with low grades. *The Lords of the Wild* Createspace Independent Pub

Horatio Alger's rags to riches novel was instrumental in perpetuating the myth of social mobility in the nineteenth century: the idea that anyone can pull himself up by his own bootstraps through hard work and persistence. The book was incredibly popular when it was first serialized in 1867 and became a cultural theme seen throughout the Gilded Age.
