This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

From the professor who invented literary forensics--and fingered Joe Klein as the author of Primary Colors--comes the inside story of how he solves his most challenging cases Don Foster is the world's first literary detective. Realizing that everyone's use of language is as distinctive as his or her DNA, Foster developed a revolutionary methodology for identifying the writer behind almost any anonymous document. Now, in this enthralling book, he explains his techniques and invites readers to sit by his side as he searches a mysterious text for the clues that whisper the author's name. Foster's unique skills first came to light when a front-page New York Times article announced his discovery that a previously unattributed poem was written by Shakespeare. A few weeks later, Foster solved the mystery that had obsessed America for months when he identified Joe Klein as the author of Primary Colors. Foster also took on a case involving the elusive Thomas Pynchon. And his contributions to the Unabomber and JonBenet Ramsey cases have led the FBI and several police forces to hire him to train their organizations. Introducing a fascinating new field of forensics, Author Unknown will appeal to mystery fans--and to everyone interested in words and the writer's craft.
