In Mariah Fredericks's Death of a Showman, the fourth in

this absorbing series set in Gilded Age New York, lady ' s maid Jane Prescott is thrust into the world of show business, where a killer is stalking Broadway. “ A lively upstairs/downstairs mystery. ” —New York Times Book Review on *A Death of No Importance* It is the summer of 1914 and lady ' s maid Jane Prescott is back in New York with the Tylers after a glittering society wedding in Europe. On their return, Jane learns another wedding has taken place. Her old dancing partner, Leo Hirschfeld, has

married a chorus girl in his new Broadway musical. Jane and Louise Tyler are pulled into the sparkling and scandalous world of Broadway, as a star struck Louise invests in Leo's show, and Jane chaperones her at rehearsals. But behind the glittering facade of the theater, there are rivalries, secret romances, and some very dodgy business practices. When the show's abusive producer, Sidney Warburton, is murdered, the list of suspects is long. Was it the comedic star or her gambler boyfriend? The disgruntled

costume designer? The beautiful, blond dancer, her jealous husband? Or was it Leo himself, who had more reason than anyone to hate Sidney Warburton? As the First World war looms in the distance, Jane and tabloid reporter Michael Behan must strip back the masks of these consummate performers before one of them kills again. This book examines issues and implications of digital and social media marketing for emerging markets. These markets necessitate substantial adaptations of developed theories and approaches employed in the Western world. The book investigates problems specific to emerging markets, while identifying new theoretical

constructs and practical applications of digital marketing. It addresses topics such as electronic word of mouth (eWOM), demographic differences in digital marketing, mobile marketing, search engine advertising, among others. A radical increase in both temporal and geographical reach is empowering consumers to exert influence on brands, products, and services. Information and Communication Technologies (ICTs) and digital media are having a significant impact on the way people communicate and fulfil their socio-economic, emotional and material needs. These technologies are also being harnessed by businesses for various purposes including distribution and selling of goods,

retailing of consumer services, customer relationship management, and influencing consumer behaviour by employing digital marketing practices. This book considers this, as it examines the practice and research related to digital and social media marketing.

Matsuo Basho (1644-94) is considered Japan's greatest haiku poet. Narrow Road to the Interior (Oku no Hosomichi) is his masterpiece. Ostensibly a chronological account of the poet's five-month journey in 1689 into the deep country

north and west of the old capital, Edo, the work is in fact artful and carefully sculpted, rich in literary and Zen allusion and filled with great insights and vital rhythms. In Basho's *Narrow Road: Spring and Autumn Passages*, poet and translator Hiroaki Sato presents the complete work in English and examines the threads of history, geography, philosophy, and literature that are woven into Basho's exposition. He details in particular the extent to which Basho relied on the community of writers with whom he traveled and joined in linked verse (renga) poetry sessions, an example of which, *A Farewell Gift to Sora*, is included in this volume. In explaining how and why Basho made the literary choices he did, Sato shows how the poet was able to transform his passing observations into words that resonate across time and culture.
