Cliff Richard has been Britain's longest surviving and most consistent hit music maker. Starting his career as a rock 'n' roll threat to decent, upstanding citizens, he is now a friend to Royalty and prime ministers, a Knight, and a holder of the OBE. This book tells his story chronologically, through the voices of his friends, family, and colleagues including songwriters, film directors, managers, and agents—like listening in on a dinner party attended by most of the key people in his career. Raging internal mistakes, petty infighting, and gross mismanagement became Apple's hallmark, and today the company clings to a mere 3.7 percent share of the market it helped to create. Gina: Freshly brewed tea. Earl Grey, loose leaf. Rain on the windowsills. The smell of library books. Escape into worlds greater than this. Solitude. Invisibility. A quiet life. Maybe boring, but boring was never dangerous. Until I saw what I was missing out on. Who I was missing out on. The man who shattered my boring, safe life and lay it to ruin. The man I'd been in love with since I was a teenager. Who I'd been invisible to since I was a teenager. The man who just happened to be a world-famous rock star. Sam: Whisky. Neat. Leave the bottle. Crowd of hundreds of people. No, make it thousands. All shouting my name. Live fast. Die... Die? I'm too young, too famous and far too badass to die. Death doesn't happen when you stop breathing, it's what happens before that. Death is the monotony of life. The grave? Well, all the greats live there. You're not a rock star until you die before you're thirty. The grave doesn't bother me. Just the quiet. That is death in the life of rock. But then... her. She'd been there all along and I'd been too blind, too obsessed with the fast, loud life to realize where the real Nirvana lay. In the silence. Even the grave couldn't hold me if I didn't get her. And I'm a rock star. And a badass. And as stubborn as I am good-looking. I know how to get what I want. I also know how to kill anyone who gets in my way.
