Perspectives in Consumer Behavior Michael Glazier Books

It is a winter morning in Venice, in 1622. Muted voices drift through a thin wall next door. Her curiosity aroused, a young woman peers through a crack in the door, only to witness a strange and disturbing sight: a woman and a priest secretly celebrating communion. Troubled by what she sees, she reports the incident at confession. Her revelation leads to the arrest, jailing, and arraignment of the two for heresy before the Venetian Holy Office of the Inquisition. So begins Fulvio Tomizza's absorbing account of the true story of Maria Janis, a devout peasant woman from the mountains north of Bergamo. Too poor to enter a convent, Maria had set out to serve God by relinquishing the little she had, through renunciation of all food but the bread and wine of communion. Encouraged by the restless village priest Pietro Morali, Maria claimed to have existed in this sanctified state for five years. During this time, she, Morali, and the weaver Pietro Palazzi travel from a little village in the Alps to Rome and then to Venice, where their alleged sacrilege is discovered and they are brought to trial. Both revered as a saint and reviled as a fraud, Maria with her "privilege" inspires and threatens believers within the Church. Combining the historian's precision with the novelist's imagination, Tomizza painstakingly reconstructs her story, crafting a fascinating portrait of sublimated love, ambition, and jealousy. Heavenly Supper alternates a chronological account of the trial with analyses of each protagonist's life history. Along the way, Tomizza gives voice to the minds and hearts of his characters, allowing them to speak for themselves in their own words. The world he recreates resonates with the fervor of the Counter Reformation when faith and its consequences were rigidly controlled by the Church. As suspenseful as a detective novel, Tomizza's story goes beyond the trial to evoke a panoramic view of seventeenth-century Italian culture.

Laura Rider's Masterpiece Harper Collins

A collection of personal poems by Karen Kovacic. These poems take on one of history most loved and hated figures - giving him a voice and making him human.

Some Ether Anchor

"This book was born from a wonder that prompted the question: how can we find the right harmony between Christian beliefs and the laws governing the life of the community: or, between the divine mysteries and the norms of human creation?" [Foreword].

Rome and the Eastern Churches Emmis Books

This adventurous work records Robert Edison Fulton's solo round-the-world tour on a two-cylinder Douglas motorcycle between July, 1932 and December, 1933. First published in 1937.

Professional Journalism W. W. Norton & Company

Peopled with such diverse characters as Richard Nixon, Nikita Khrushchev, Kafka's father, Dorothea Lange, William Carlos Williams, Lawrence Welk, Robespierre, and a feisty Catholic saint, this collection of poems takes us on an amusement-park ride through the world of history and art.

PC Magazine Reston, Man. : R.M. of Pipestone History Project Winner of a "Discovery" / The Nation Award Winner of the 1999 PEN/Joyce Osterweil Award for Poetry Some Ether is one of the more remarkable debut collections of poetry to appear in America in recent memory. As Mark Doty has noted, "these poems are more than testimony; in lyrics of ringing clarity and strange precision,

Flynn conjures a will to survive, the buoyant motion toward love which is sometimes all that saves us. Some Ether resonates in the imagination long after the final poem; this is a startling, moving debut."

Theology and Canon Law Kent State University Press

In this radically conservative book, the authors advocate a back-to-basics approach to marketing that replaces the relentless quest for differentiation with a relentless focus on these types of basic customer needs The authors' research shows that most companies have been ignoring the basics for too long. At the heart of the authors' approach is a view of why customers buy what they do. Barwise and Meehan argue that marketers must understand what customers want from the entire product or service category. So rather than focus on new luxury attributes for a specific car —marketers need to understand what basic needs customers have for automobiles in general (ie: safety, handling, etc). Once they figure that out—they need to deliver on those basic needs better than everyone else.

The "Other Tuscany" University of Georgia Press

A consumer guide integrates shopping suggestions and handy user tips as it describes and rates dozens of digital electronic products, including cell phones, digital cameras, televisions, computers, and home theater products.

When Madeline Was Young Georgetown University Press

Studies of late medieval Tuscany have traditionally relied on historiographical premises derived from the experience of its intensely investigated capital city. Specifically, normative and quantitative data from Florentine sources have been employed to chart demographic, social, and economic trends during the communal age and across the period of the Black Death and its aftermath. The results have invited instructive comparisons with other regions of Italy, as well as other parts of Europe. At the same time, however, the focus on Florence in its role as a metropolitan center belies the conceptual problems inherent in the modern definition of region, applicable only with hindsight to medieval juridical and topographical boundaries. The essays in this volume offer non-Italian scholars a representative sample of current European research and a summary of recent debates regarding the historical evolution of those republics that posed the most formidable obstacles to the extension of Florentine hegemony. While they cover a range of topics, they all provide evidence of the important resources available to scholars working in provincial Tuscan archives and the volume offers an excellent sampling of the state of scholarship on these Italian communities.

Consumer Reports Buying Guide Univ of California Press

In the second edition of this major work, Dominican theologian Aidan Nichols provides a systematic account of the origins, development and recent history—now updated—of the relations between Rome and all separated Eastern Christians. By the end of the twentieth century, events in Eastern Europe, notably the conflict between the Orthodox and Uniate Churches in the Ukraine and Rumania, the tension between Rome and the Moscow patriarchate over the re-establishment of a Catholic hierarchy in the Russian Federation, and the civil war in the then federal People's Republic of Yugoslavia, brought attention to the fragile relations between Catholicism and Orthodoxy, which once had been two parts of a single Communion. At the start of the twenty-first century, in the pontificate of Benedict XVI, a papal visit to Russia—at the symbolic level, a major step forward in the 'healing of memories'—appears at last a realistic hope. In addition, the schisms separating Rome from the two lesser, but no less interesting, Christian families, the Assyrian (Nestorian) and Oriental Orthodox (Monophysite) Churches, are examined. The book also contains an account of the origins and present condition of the Eastern Catholic Churches—a deeper knowledge of which, by their Western brethren, was called for at the Second Vatican Council as well as by subsequent synods and popes. Providing both historical and theological explanations of these divisions, this illuminating and thought-provoking book chronicles the recent steps taken to mend them in the Ecumenical Movement and offers a realistic assessment of the difficulties (theological and political) which any reunion would experience.

Tropical Plant Science Courier Corporation

Jane Hamilton, award-winning author of *The Book of Ruth* and *A Map of the World* brings us a rich and loving novel about a non-traditional family in the aftermath of a terrible accident. When Aaron Maciver's beautiful young wife, Madeline, suffers a head injury in a bicycle crash, she is left with the mental capabilities of a six-year-old. In the years that follow, Aaron and his second wife care for Madeline with deep

tenderness and devotion as they raise two children of their own. Inspired in part by Elizabeth Spencer's *Light in the Piazza*, Hamilton offers an honest and exquisite portrait of how a family tragedy forever shapes the boundaries of love.

Queen Of This Realm Harper Perennial

While struggling with the changes he faces during his senior year in a small Indiana town, Lucas gains insight through a unique friendship with a former Vietnam war protester.

One Man Caravan University of Chicago Press

First published a half-century ago, Rachel Carson's award-winning *The Sense of Wonder* remains the classic guide to introducing children to the marvels of nature In 1955, acclaimed conservationist Rachel Carson—author of *Silent Spring*—began work on an essay that she would come to consider one of her life's most important projects. Her grandnephew, Roger Christie, had visited Carson that summer at her cottage in Maine, and together they had wandered the surrounding woods and tide pools. Teaching Roger about the natural wonders around them, Carson began to see them anew herself, and wanted to relate that same magical feeling to others who might hope to introduce a child to the beauty of nature.

"If a child is to keep alive his inborn sense of wonder," writes Carson, "he needs the companionship of at least one adult who can share it, rediscovering with him the joy, excitement and mystery of the world we live in." Now available in paperback, *The Sense of Wonder* is a timeless volume that will be passed on from generation to generation, as treasured as the memory of an early-morning walk when the song of a whippoorwill was heard as if for the first time. Featuring serene color photographs from renowned photographer Nick Kelsh, "this beautifully illustrated edition makes a fine gift for new and prospective mothers and fathers" (Gregory McNamee), and helps us all to tap into the extraordinary power of the natural world.

PC Mag SCM Press

Walter McCloud is a boy with dreams unlike most. Introduced as a child to the genius of Balanchine and the lyricism of Tchaikovsky, Walter has always aspired to be a dancer. As he grows older, it becomes clear that despite his desire, he lacks the talent, and he faces the painful knowledge that his more gifted friends have already surpassed him. Soon, however, that pain is overshadowed when his older brother, Daniel, finds a strange lump on his neck and Walter realizes that a happy family can change overnight. The year that follows transforms the McClouds, as they try to hold together in the face of the fearful consequences of Daniel's illness, and Walter makes discoveries about himself and his friendships that will change him forever. Decades later, after Walter has left home and returned, he must come to terms with the memories of that year, and grapple once and for all with the challenge of carving out a place for himself in this all-too-familiar world. A moving story of the torments of sexuality and the redemptive power of family and friendship, *The Short History of a Prince* confirms Jane Hamilton's place as a preeminent novelist of our time.

Novel Ideas Motorbooks

The social teaching of the Roman Catholic Church has aroused public interest in recent years with the increased involvement of North American bishops in matters of civic morality, with the growth of liberation theology in Central and South America, and with the ongoing political and economic statements of Pope John Paul II. A vital ingredient of Roman Catholic social teaching is the papal encyclical literature. Debate grows, however, over exactly what the papal letters teach. Noteworthy encyclical commentaries exist, but none has attempted a comprehensive historical analysis of the complete content and overall coherence of Roman Catholic encyclical social teaching. This book, appearing in advance of the 1991 centennial of "Rerum novarum", provides the kind of analysis that concerned Roman Catholics, public officials, social ethicists, theologians and students are looking for: a textually inclusive and topically broad-gauged study of Catholic social teaching in its historical

development with a forthright assessment of the teaching's contradictions and consistencies.
