The soft crash of waves that blissfully block out all other noise, the smell of two-stroke and lawn clippings, the first sip of cold beer, the laboured whir of the ceiling fan, the sound of a bag of ice hitting the pavement, that feeling of salt on skin and even the smell of prawns on bin night. Comedian Tim Ross uses the Australian Summer as a back drop for a new collection of nostalgic

We live in the age of big companies where rising levels of power are concentrated in the hands of a few. Yet no government or organisation has the power to regulate these titans and hold them to account. We need big companies to share their power and we, the people of the world, need to reclaim it. In *Competition is Killing Us*, top business and competition lawyer Michelle Meagher establishes a new framework to control capitalism from the inside in order to

make it work for the many and not just the few. Meagher has spent years campaigning against these multi-billion and trillion dollar mammoths that dominate the market and prioritise shareholder profits over all else; leading to extreme wealth inequality, inhumane conditions for workers and relentless pressure on the environment. In this revolutionary book, she introduces her wholly-achievable alternative; a fair and comprehensive competition law that limits unfair mergers, enforces accountability and redistributes power through stakeholder governance.

The Fuse #19 Edizioni

A visceral, stark, and deadpan collection of stories that brilliantly fuse humor with horror. *Horses Dream of Money* is a daring collection of tales, darkly humorous, that eerily channels the surreal and sinister mood of the times. Preoccupied with the fault lines between life and death, and veering often into horror, Angela Buck brings a raw energy and witty sobriety to these accounts of human life and connection with the intimacy of fireside-storytelling, gimlet-eyed revelry in bloodletting, and a masterful sleight of hand between the fantastical and the quotidian.

“The Solicitor” reinvents the coming-of-age story as a romance-for-hire between a girl and her “solicitor,” a man whose services are demanded by her mother and enforced by a cruel master.

“Coffin-Testament” is a fabulous futuristic account of the extinction of human life on earth written 1,667 years later by a group of lady robots channeling Sir Thomas Browne to muse on their own mortality. “The Bears at Bedtime” documents a compound of cuddly kind worker-bears and their ruthless doings. “Bisquit” imagines today’s precariat as a lovable horse who is traded from one master to another until a horse race brings his maddeningly repetitive adventures to a

violent conclusion.

A GAME OF THRONES

How would you like to read *A Game of Thrones* with a PhD by your side? Steven Attewell, creator of *Race for the Iron Throne* (racefortheironthrone.wordpress.com), is one of the most insightful scholars in political theory and history, but instead of devoting his talents to academia, he's delving into George R.R. Martin's *A Song of Ice and Fire* saga to give the most comprehensive deconstruction - and explanation - yet offered. Each one of *Thrones*'s 73 chapters is broken down in meticulous detail in four key areas. The Political and Historical Analyses explore the political ramifications that each character's decisions entail while digging into the real-world historical incidents that inspired Martin's narrative twists and turns. What If? offers up a tantalizing look at how these political and

historical elements could have played out in dozens of alternative scenarios, underscoring the majesty and complexity of Martin's storytelling. And *Book vs. Show* looks at the key differences - both good and bad - between the story as originally conceived on the printed page and as realized in HBO's *Game of Thrones*. At nearly 204,000 words, it's almost literally impossible to imagine a more exhaustive or authoritative reading companion for any novel ever before published. Note: there are spoilers for all five published novels in the *Song of Ice and Fire* series. About the author: Steven Attewell is the author of *Race for the Iron Throne*, a blog that examines the history and politics of the *Song of Ice and Fire* series and HBO's *Game of Thrones*. He has a PhD in History from the University of California, Santa Barbara, where he studied the history of public policy and was a political and union activist. In addition to *Race for the Iron Throne*, Steven is also a co-podcaster on *Game of Thrones* at the

Lawyers, Guns, and Money podcast, writes about public policy at the Realignment Project, and is a co-author of the Tower of the Hand: A Hymn for Spring anthology book.

A groundbreaking look at why our interactions with others hold the key to success, from the bestselling author of Think Again and Originals For generations, we have focused on the individual drivers of success: passion, hard work, talent, and luck. But in today's dramatically reconfigured world, success is increasingly dependent on how we interact with others. In Give and Take, Adam Grant, an award-winning researcher and Wharton's highest-rated professor, examines the surprising forces that shape why some people rise to the top of the success ladder while others sink to the bottom. Praised by social scientists, business theorists, and corporate leaders, Give and Take opens up an approach to work, interactions, and productivity that is nothing short of revolutionary.

"Barcelona, the cultural epicenter of Catalunya, is presently experiencing the most dynamic and polemical period in its modern theater history. It is the commanding hub of an

energetic theater scene that in recent years has witnessed an exuberant outpouring of new dramatists, a steady crescendo in theater attendance, and a continual increase in the international presence of Catalan directors, playwrights, and companies. Barcelona's post-Olympian cultural landscape, moreover, comprises several architecturally striking theater projects. The diversity of opportunities to stage plays in Catalan at an assortment of city spaces is unprecedented, ranging in variety from commercial locales to publicly funded stages to experimental "alternative" venues. Since its origins in the nineteenth century, modern Catalan drama has frequently exhibited a cosmopolitan and even transnational impulse, engaging in an artistic dialogue with international theater traditions of both past and present and forging its identity vis-a-vis its intercultural associations. The path along which the contemporary Catalan theater scene has struggled to recover and reconstitute the professional legitimacy and visibility that it lost during the Franco dictatorship has been a complex process, never lacking in melodramatic

excess, witnessed both on and off the stage. The Barcelona stage, throughout its contemporary evolution, has been immersed in a stormy climate, whose relentlessly frenetic atmospheric activity at times may impede one from acquiring the distance necessary to see beyond the hurricane." --Book Jacket.

The Commercial & Financial Chronicle ... Penguin UK An Indie Next Pick The stunning, timely new novel from the acclaimed, internationally bestselling author of The Architect's Apprentice and The Bastard of Istanbul. Peri, a married, wealthy, beautiful Turkish woman, is on her way to a dinner party at a seaside mansion in Istanbul when a beggar snatches her handbag. As she wrestles to get it back, a photograph falls to the ground--an old polaroid of three young women and their university professor. A relic from a past--and a love--Peri had tried desperately to forget. Three Daughters of Eve is set over an evening in contemporary Istanbul, as Peri arrives at the party and navigates the tensions that simmer in this crossroads country between East and West, religious and secular, rich and poor. Over the course of the dinner, and amidst an opulence that is surely ill-begotten, terrorist attacks occur across the city. Competing in Peri's mind however are the memories invoked by her almost-lost polaroid, of the time years earlier when she was sent abroad for the first time, to attend Oxford University. As a young woman there, she had become friends with the charming, adventurous Shirin, a fully assimilated Iranian girl, and Mona, a devout Egyptian-American. Their arguments about Islam and feminism find focus in the charismatic but controversial Professor Azur, who teaches divinity, but in unorthodox ways. As the terrorist attacks come ever closer, Peri is moved to recall the scandal that tore them all apart. Elif Shafak is the number one bestselling novelist in her native Turkey, and her work is translated and celebrated around the world. In Three Daughters of Eve, she has given us a rich and moving story that humanizes and personalizes one of the most profound sea changes of the modern world.

Dopo la morte di re Renly Baratheon gli avversari che si contendono il Trono di Spade sono ridotti a quattro. Il gioco di alleanze, inganni e tradimenti si fa sempre più spietato, sempre più labirintico, e l'ambizione dei contendenti non ha limite. Sui quattro re e sui paesaggi già devastati dalla guerra incombe la più terribile delle minacce: dall'estremo nord un'immane orda di barbari e giganti, mammut e metamorfi sta lentamente scendendo verso i Sette Regni. E con il "popolo libero" dei bruti, un pericolo ancora più spaventoso si avvicina: gli Estranei, guerrieri soprannaturali che non temono la morte. Perché alla morte già appartengono? Gli indeboliti, dilaniati guardiani della notte sanno che i loro giorni potrebbero essere contati. Spetterà a Jon Snow, il bastardo di Grande Inverno, ergersi per una disperata, eroica, ultima difesa. Forse, la guerra per il potere supremo è ancora tutta da giocare.

The gripping true story of the duel to end all duels in medieval France as a resolute knight defends his wife's honor against the man she accuses of a heinous crime In the midst of the devastating Hundred Years' War between France and England, Jean de Carrouges, a Norman knight fresh from combat in Scotland, returns home to yet another deadly threat. His wife, Marguerite, has accused squire Jacques Le Gris of rape. A deadlocked court

decrees a trial by combat between the two men that will also leave Marguerite's fate in the balance. For if her husband loses the duel, she will be put to death as a false accuser. While enemy troops pillage the land, and rebellion and plague threaten the lives of all, Carrouges and Le Gris meet in full armor on a walled field in Paris. What follows is the final duel ever authorized by the Parlement of Paris, a fierce fight with lance, sword, and dagger before a massive crowd that includes the teenage King Charles VI, during which both combatants are wounded—but only one fatally. Based on extensive research in Normandy and Paris, *The Last Duel* brings to life a colorful, turbulent age and three unforgettable characters caught in a fatal triangle of crime, scandal, and revenge. *The Last Duel* is at once a moving human drama, a captivating true crime story, and an engrossing work of historical intrigue with themes that echo powerfully centuries later. *A Luganda-English and English-Luganda*

It is commonly assumed that we conceive of the past and the future as symmetrical. In this book, Fabrizio Cariani develops a new theory of future-directed discourse and thought that shows that our linguistic and philosophical conceptions of the past and future are, in fact, fundamentally different. Future thought and talk, Cariani suggests, are best understood in terms of a systematic analogy with counterfactual thought and talk, and are not just mirror images of the past. Cariani makes this case by developing detailed formal semantic theories as well as by advancing

less technical views about the nature of future-directed judgment and prediction. His book addresses in a thought-provoking way several important debates in contemporary philosophy, and his synthesis of parallel threads of research will benefit scholars in the philosophy of language, metaphysics, epistemology, linguistics and cognitive science.

Just as surely as Haiti is "possessed" by the gods and spirits of vaudun (voodoo), the island "possessed" Katherine Dunham when she first went there in 1936 to study dance and ritual. In this book, Dunham reveals how her anthropological research, her work in dance, and her fascination for the people and cults of Haiti worked their spell, catapulting her into experiences that she was often lucky to survive. Here Dunham tells how the island came to be possessed by the demons of voodoo and other cults imported from various parts of Africa, as well as by the deep class divisions, particularly between blacks and mulattos, and the political hatred still very

much in evidence today. Full of the flare and suspense of immersion in a strange and enchanting culture, *Island Possessed* is also a pioneering work in the anthropology of dance and a fascinating document on Haitian politics and voodoo.

Expressly created to assist with decision making for surgical treatment of congenital heart defects, this new reference covers all relevant aspects. The Congenital Heart Defects are presented with each chapter devoted to a single malformation, with incidence, morphology, associated anomalies,

pathophysiology, diagnosis (including clinical pattern, electrocardiogram, chest X-ray, echocardiogram, cardiac catheterization with angiography), indications for surgical treatment, details of surgical treatment, potential complications and literature references.

Morphology,

pathophysiology and surgical treatment of the defects are explained with schematic drawings, while images taken from morphologic specimens, echocardiographic and angiographic investigations as well as from intra-operative photographs illustrate better than any words the key points of the decision-making process for the surgical treatment of congenital heart defects.
