International Electronics Directory '90: The Guide to European Manufacturers, Agents and Applications, Part 2 focuses on information on manufacturers, agents, and applications. The book first presents a list of companies and abbreviations. The text then underscores a classified list of products and services.

This includes electronics for office administration, aerospace industry, security and alarm systems, automobile industry, and banking; computers and ancillary equipment; consumer electronics; and electronics for environmental monitoring. Other products and services mentioned include electronics for textile machines, oceanology, metalworking industry, and packaging machines. The selection also provides an alphabetical list of products. This includes accelerometers, access control systems, backplanes, bank note counters, document scanners,

drying equipment, flight data recorders, machine vision systems, magnetic tape and cassette recorders, and underwater navigational equipment. The text is a valuable source of information for readers wanting to know about manufacturers, agents, and applications. Robocup 2003
