reiterated its long-standing commitment toward open integration of partner solutions, as stated in the SAP business model. The company again underlined this principle in an SAP-Siemens partnership issued on July 14th 2020 , aimed at supporting SAP clients in achieving digital transformation.

SAP Solutions - SAP PLM Software + Consulting + Support
The SAP Business One Cloud Solution Certification targets partner solutions complementing SAP

Business One Cloud and running in the cloud landscape.. The overall goal is to validate the seamless integration of a Software and Solution Partner (SSP) solution in the SAP Business One Cloud architecture, the implementation and provisioning of the solution according to SAP development standards and guidelines and the stability of the solution running in the cloud landscape.

SAP Software Solutions | Business Applications

and Technology Effectively, SAP ' s best partners are creating a complete, finished solution for customers. Partners are also helping customers manage their way through what IDC calls “ the five stages to enterprise recovery. ” These start with the pandemic, economic slowdown, and feared recession, and finish with a return to growth and the next “ normal. ”
Cloud platform services

& customer experience ...

- SAP

SAP began with a small group of friends who had a big idea: a vision of a digitally connected enterprise. Dietmar Hopp, Klaus Tschira, Hans-Werner Hector, Hasso Plattner, and Claus Wellenreuther started the company as a private partnership in 1972 and launched the first commercial product a year later.
