SAS/ACCESS™ software. In this paper, we will work with existing SAS data sets to demonstrate various

Your question is fairly generic. If you want a more detailed answer, feel free to post more details about what you would like to do (publish in a research journal, use SAS programming to create the paper, present at a conference, complete a homework assignment).. Here's a good conference paper about how to research and organize and create a paper about work that you've done using SAS.

How do I submit a white paper to SAS - SAS Support Communities

If you would like the chance to create a formal paper and present it to your peers, you can submit a paper proposal for SAS Global Forum or one of the SAS Regional or special interest groups. This article (and video) describes the process for SAS Global Forum -- but unfortunately the call for papers has already passed the deadline for 2014.

This paper was originally presented many, many SUGIs

ago, specifically, SUGI 83 in New Orleans. It was one of the presentations at the very first Tutorials section. It has been available online as a scanned image thanks to NESUG.

This paper gives an overview of how some common forms of logistic regression models can be implemented using PROC LOGISTIC as well as important changes and enhancements to the procedure in Releases 6.07 and above of the SAS® System, as well as new features available in Version 8.

Publish a Paper with SAS - SAS Support Communities

In addition to posting to the SAS Community Library, there are SAS conferences. The submissions for the SAS Global Forum 2016 conference recently closed, but there are many regional conferences, so look into WUSS, MWSUG, SESUG or another conference.. I do not agree with the person who said, "if it isn't a VA paper, don't bother."
