[The SAS Supervisor - SAS Support Communities](#)

Your question is fairly generic. If you want a more detailed answer, feel free to post more details about what you would like to do (publish in a research journal, use SAS programming to create the paper, present at a conference, complete a homework assignment).. Here's a good conference paper about how to research and organize and create a paper about work that you've done using SAS.

Publish a Paper with SAS - SAS Support Communities SAS Technical Papers provide technical details for how you can complete a task or achieve a goal. They also offer technical advice on how to harness the many robust features that our software products offer. To view complete conference proceedings, use the link provided in the right navigation. SUGI 26: Getting Started with PROC LOGISTIC - SAS Support

In addition to posting to the SAS Community Library, there are SAS conferences. The submissions for the SAS Global Forum 2016 conference recently closed, but there are many regional conferences, so look into WUSS, MWSUG, SESUG or another conference.. I do not agree with the person who said, "if it isn't a VA paper, don't bother."

Sas Sugi Papers

If you would like the chance to create a formal paper and present it to your peers, you can submit a paper proposal for SAS Global Forum or one of the SAS Regional or special interest groups. This article (and video) describes the process for SAS Global Forum -- but unfortunately the call for papers has already passed the deadline for 2014.
