From the bestselling author of *Savages* (now an Oliver Stone film). As cool as its California surfer heroes, Don Winslow delivers a high velocity, darkly comic, and totally righteous crime novel. Every morning Boone Daniels catches waves with the other members of The Dawn Patrol: four men and one woman as single-minded about surfing as he is. Or nearly. They have "real j-o-b-s"; Boone, however, works as a PI just enough to keep himself afloat. But Boone's most recent gig-investigating an insurance scam—has unexpectedly led him to a ghost from his past. And while he may have to miss the biggest swell of his surfing career, this job is about to give him a wilder ride than anything he's ever encountered. Filled with killer waves and a coast line to break your heart, The Dawn Patrol will leave you gasping for air.

Ms. Mallory Channing would be shocked to discover that the term "White Slavers," far from being confined to the dustbins of history, lay just beneath the surface of her modern, civilized world.

Looking for a Hero Simon and Schuster

To Write As If Already Dead circles around Kate Zambreno's failed attempts to write a study of Hervé Guibert's *To the Friend Who Did Not Save My Life*. In this diaristic, transgressive work, the first in a cycle written in the years preceding his death, Guibert documents with speed and intensity his diagnosis and disintegration from AIDS and elegizes a character based on Michel Foucault. The first half of *To Write As If Already Dead* is a novella in the mode of a detective story, searching after the mysterious disappearance of an online friendship after an intense dialogue on anonymity, names, language, and connection. The second half, a notebook documenting the doubled history of two bodies amid another historical plague, continues the meditation on friendship, solitude, time, mortality, precarity, art, and literature. Throughout this rigorous, mischievous, thrilling not-quite study, Guibert lingers as a ghost companion. Zambreno, who has been pushing the boundaries of literary form for a decade, investigates his methods by adopting them, offering a keen sense of the energy and confessional force of Guibert's work, an ode to his slippery, scarcely classifiable genre. The book asks, as Foucault once did, "What is an author?" Zambreno infuses this question with new urgency, exploring it through the anxieties of the internet age, the ethics of friendship,

and "the facts of the body": illness, pregnancy, and death.
